Looking over the names of men who have enlisted for active service one is surprised to find few names of foreign origin. On second thought it is not surprising they should not be willing to fight against relatives, friends , those who have not had the good fortune to escape Hitler.

The best saying of the day, by Mayor La Guardia: "The Monroe action."

The bank-teller injured in a fight with a bandit says he never felt the bullet. Possibly because he is accustomed to cheques that rebound.

The past two weeks have been anxious ones for the farmers in this district, when rain fell almost every day and prevented the harvesting of the crop. Some oats have been growing in the sheaf and if the rain did not cease soon the crop might be ruined. However, Monday turned out fine and on Tuesday the farmers started hauling in grain to the barns even though it was not in the best condition. We hope that the weather has changed for the better.
