

Rotary Fall Tour enjoyed by Seniors

BY DANIELLE PATERSON

Warton Rotary Club

On the morning of October 13th fog had settled upon the Warton flats. Jim Anderson our designated driver from Laidlaw Bus Company, cleared the dew from the windows and prepared to pick up forty three senior citizens for what we hoped would be a true Fall Colour Tour extravaganza. On top of the North hill the fog lifted and the sun shone as we drove up the east road to Lion's Head. We were not disappointed; the scene was absolutely beautiful as the iridescent glow from the colour of the leaves surrounded us.

The Bus took us through Lion's Head; Whip er Will, over to Highway 6 and on to Tobermory. Again the colour and scenery were so stunning that it reminded us of just how beautiful the Bruce Peninsula

is. The landscape which had become well known to many of us over the years, is now dotted with the progress of modern times. Bales of fresh hay laying in the fields, neatly wrapped in white plastic and the sight of the power-generating windmill, located in Ferndale were viewed examples of a new era.

Based on the level of chatter and excitement through out this trip, it was easy to see that everyone was enjoying them selves.

We stopped in Tobermory, just long enough to stretch our leg and to take in the view. It is very quiet at this time of year but beautiful none-the-less.

Approaching lunchtime we boarded the bus and headed straight back down Hwy 6 to Mar. Here, the ladies from The Women's Institute had prepared a most enjoyable lunch, which included lots of goodies.

After lunch we had a singsong and the opportunity to visit with one another before heading back to Warton. By two o'clock everyone had been returned home safely.

We wish to thank the ladies from The Woman's Institute for providing us with a wonderful lunch and for the time

and everyone enjoyed the tour. We had a good time. A big thank you also goes out to the Laidlaw Transportation Co. for providing the beautiful clean bus as well as Jim Anderson (the driver) who gave us a great tour and to all the volunteers who helped make this a successful outing.
