REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution has induced the Directors to REDUCE the RATES originally required in British North America to the ordinary European Rates. The result of such Reduction as to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Insurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES OF PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their interest in their respective Policies.

DR. SHERWOOD'S Galvanic Imbrocation.

THIS GALVANIC IMBROCATION is used with positive and permanent success in all cases of RHEUMATISM acute or chronic seated in the Head, Joints or Limbs; *Gout, Tic Doloreaux, Nervious and Sick Headache, Paralysis, Fits, Epilepsy, Palpitation of the Heart, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Nervious Tremours, General Debility, Deficiency of Nervious and Physical Energy, and all Nervious Diseases, Chilblains, Burns and Scalds, &c.*

Is is now generally admitted by the learned scientific, that the mysterious power called *Galvanism or Magnetism* is in fact the principle of Vitality or Life, and the Disease in many of its most painful forms, is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wonderful Power, when it is thus deficient, we can successfully combat disease, and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the Inventor of this Remedy, years of study and labor.

There is not an intelligent Physician who has kept pace with the progress of Science, that does not really approve of the use of the Magnetic power in various Diseases and there is scarcely a Medical Journal either in this country or in Europe, which makes its appearance without the statements of various cases, showing some new effects of these wonderful agents or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians at New York, constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and recommendation.

Agent for Kingston, JOHN MEAGHER,
Druggist King Street.

HEAR OF THE OPINION OF A PROFESSOR OF THE UNIVERSITY OF PENSYLVANIA, PUBLISHED IN THE MEDICAL JOURNAL, IN 1847.

In various local diseases I have tested the efficacy of *Dr. Sherwood's Embrocation* to my satisfaction. In Erysipelas, no matter where present, of what description, he found the *Embrocation*, painted over the parts with a hair pencil brush, preferable to leeches, lotions, incissions, scarification of caustic. When pain and throbbing only existed, one or two applications of the Galvanic Embrocation, cut short the disease, and where the superation had commenced, its repeated use not only checked the progress of the disease, but caused the deposited matter to be absorbed. Not a single case of failure occurred when the Embrocation was applied before superation took place; and even then the pus was much less in quantity, then where poultices were used. In acute inflamation of the Joints it was more efficacious than any of the ordinary local applications over the knee—if the skin be delicate, it may be applied, one half the strength, diluted with spirits of camphor, and the strength increased as required. When the hip is affected the Galvanic Embrocation might be painted all round the upper part of the tigh and groin. In gout its application cuts short the attack, and in anomalous pains of the joints, supposed to be gouty or rheumatic, its effects has been marked. In chronic inflamation and enlargement of the joints, such as the hip and knee, the Embrocation is extensively employed over the parts, and the application is repeated once or twice a day, according as the case may require. In the ancle or wrist when the enlargement is of old standing, the Galvanic Embrocation has never failed to cure—In scrofulous swelling of the glands, it either reso'ved the inflamation and caused absorption of the morbid deposits, or of limiting the formation of the matter, and assisted in the cicatrizing of the sore. In Chilblains, Dr. Sherwood's Galvanic Embrocation is applied over the parts affected and beyond the boundry of the surrounded inflamation. This must be repeated daily for some time, and the affected parts should be immersed every night in water, as hot as can bene. When the ulceration looks healthy, and the skin has lost its livid color, the Embrocation may be discontinued. In Burns and Scalds, it appears to act as in Erysipelas; when the integuments are not destroyed, although the cuticle may be in blisters, one or two applications of the Embrocation subdues the pain and redness, after which the parts only require to be kept from injury. Lastly besides these affections, this remedy has been used in foul ulcers, fistulous openings, gouty and rheumatic swellings of the small joints from thickening of their ligaments, malignant warts, spugloins, the stinging of wasps, diseases of the agine, united fractures, dissection and wounds. In Giotre, Dr. Sherwood's Galvanic Embrocation is a perfect remedy. The parts should be bathed every day, well rubbed with the hand.

As to the efficacy of Dr. Sherwood's Galvanic Embrocation in nervons diseases, the testimony borne by many eminent Physicians would be conclusive. It has removed paralysis and epilepsie. This Embrocation enters, as we have seen the mass of blood, modify the condition of that fluid, and in this manner exert a new impression upon the capillaries of the diseased portions of the dermoid system. We have often employed the Embrocation in all these cases with succes, and similar testinony has been afforded by Physicians. In several cases of chronic diseases of the Liver, attended with Jaundice, Dr. Milligan found the Embrocation to produce a good effect: also in Hypropiothy or enlargement of Spleen the Embrocation was applied over the region of the liver and Spleen every day, with decided advantage—Nocturnal pains in the bones, have likewise been particularly benefited by the use of Sherwood's Embrocation; and the diseaset have always yielded to this remedy when all others have failed. When applied over the parts affected, in Bronchitis all affections of the lungs and chest, we have found the disease to yeald by o few applications The Embrocation should be applied adoubt the neck and chest, kuring the proxim of coughing and immediate relief will be obtained.

DR. TOWNSEND'S

OFFICE MANUFACTORY

DR. TOWNSEND'S COMPOUND EXTRACT OF

SARSAPARILLA.

The most extraordinary Medicine in the World!

This Extract is put up in Quart Bottles: it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without causing purging, sickening or debilitating the Patient.

The real beauty and superiority of this Sarsaparilla over all other medicines is, that, while it eradicates the disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years more than 100,000 cures of severe cases of disease; in 1848 13,080 were considered incurable. It has saved the lives of more than 10,000 children the last two seasons in the City of New York alone.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth or the excessive indulgence of the passions, and brought on by physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening towards that final disease Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree.

Consumption Cured.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Spitting Blood.

New York, April 28, 1847.

DR. TOWNSEND.—I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,

WM. RUSSELL, 65 Catharine st

Rheumatism.

This only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are speedy eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear. Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than a thousand dollars worth of good. I am so much better indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours respectfully, JAMES CUMMINGS

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of indiscreet cause or causes produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons of all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring. It has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed, for several years by using this medicine.* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable to all the delicate diseases to which women are subject.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the suffering attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth, in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the Secretions and equalizing the circulation it has no equal. The great beauty of this medicine is it is always safe, and the most delicate use it most successfully.

Beauty and Health.

Cosmetics, Cloak, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin injured by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, vitalizing blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the inexpressible shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of *nature*—not of *powder or wax*. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown as yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eye that is fascinating. This is why the southern and especially the Spanish ladies are so much admired; ladies in the North who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.
