ADVERTISING IS BEST IN SMALLER NEWSPAPERS

The sharp decrease in the number of pages in newspapers in England, caused by the war, is proving to advertisers the greater value of an advertisment in a small daily.

The advertising manager of an advertising agency in England is quoted as saying that he was "astounded at the efficiency of advertising in the 6-page paper compared with the 24-pages." In the smaller sized papers he found that small spaces were far more prominent than bigger spaces in larger papers. He said: "Today's advertising in the smaller-sized papers is actually being read—which is the final test— far more people than bigger advertisments were in the past.

Success can be boiled down to making an ordinary amount of brains do an extraordinary amount of work.

There is something worth while in having a husband. A woman in Dallas, Texas, parted from her man just a week ago and is now charged with murder.

Montreal man serving overseas issued a pair of socks and found they had been knit by his wife. Possibly he was surprised as he may never have been aware she could do such a thing.
