Miss Christine McKinnon is spending the week with Miss Eleanor Mather.

An assistant often turns out to be just another person for the boss to help.

Too little water in the way of rain produces too little milk. And there used to be a time when people complained that too much water produced too much poor milk.

Some of the seamen on the Great Lakes have secured a raise in pay, and a thing like that is supposed to help a man keep his head above water.

CENTRE LINE

We are having very hot weather.

Mr. Emerson Gallagher and Stanley Little who are working in Toronto spent the week end at their respective homes here.

Mr. and Mrs. Henry Osborne and two sons and Mr. and Mrs. Carl Osborne and baby of Owen Sound spent Sunday with Mr. and Mrs. Robert Osborne.

This community was greatly shocked on learning of the sudden passing of Victor White. The sympathy of the entire community goes out to his parents, Mr. and Mrs. Roy White, in their hour of sorrow.

Mr. Jack Little of California and sisters, Mrs. A. Scruby of London and Mrs. A. Cinnamon of Oshawa, visited with Mr. and Mrs. Mrs. Wm. H. Little and called on other friends on the line. Mr. Little and sisters resided on the McMillan farm here a number of years ago.

ROCK MILLS

Most of the wheat in this district is in the barns and the farmers are cutting oats this week. The harvest will be over very early this year.

Miss Florence Newell has returned home after a pleasant week's holiday with relatives and friends in Durham.

Our sincere sympathy is extended to Mr. and Mrs. Roy White in their very sad bereavement, in the death of their son, who was killed so suddenly by lightening.

SPRINGHILL

Mrs. Richard Allen was hostess to the Springhill Red Cross on Thursday afternoon last, when around 19 members were present. A quilt was set up and completed. Considerable business was discussed, including the decision to have a quilting in two weeks, as there are three at present to be completed. Mrs. Thos. Watson gave the Club a quilt top. A considerable amount of knitting was also handed in. Mrs. Harry Akins has invited the ladies to her home for the Red Cross quilting August 7th.

A very severe electric storm caused some damage last Thursday afternoon, when four cattle were killed. Some rain accompanied the storm, but was heavier some places than others. The homes equipped with Hydro were out of power for over a day.

Our sympathy is extended to Mr. and Mrs. Roy White of Portlaw in the death of their son, Victor, who was struck by lightning.

Master Ward Hutchinson is visiting his uncle and aunt, Mr. and Mrs. Harry Akins.

A number of the men of this section attended the races in Owen Sound last Wednesday.

Hitler is gradually finding out that the Russian Bear is not as easy to push around as he figured. Russia may be able to offer stiff resistance to the Germans for several months and, in the end, drive them back where they came from. We imagine the turn of events has Hitler worried.

A Tip to Cream Producers

With a good demand now existing for butter as well as an equally good price being paid for cream (now 40 cents for Special grade, with possibility of higher) would it not be wise, during this dry spell, to give special attention and feed to your milking cows, as pasture may improve with possible rains.

It is also essential to maintain the quality and by selling your cream to your nearest Creamery, eliminate deterioration when hauled long distance by truck.

SIGN THE PLEDGE TO

Save Gasoline

50/50 Car PLEDGED TO SAVE GASOLINE

Let Your Car Wear Proudly This Patriotic Sticker!

Go to your friendly neighbourhood service station or your local garageman today. A surprise awaits you. He has changed. He will be as courteous and thoughtful as ever —glad to see you—anxious to do anything and everything he can to help you. But he is no longer a gasoline salesman. He is a gasoline SAVER. He will urge you to buy less instead of more. He will point out ways and means of saving gasoline.

He will tell you all about the "50/50" Pledge to cut your gas consumption by fifty per cent. He will invite you to sign. This proud and patriotic sticker for your car will mark you as a member of the wise and thoughtful band of car owners co-operating with the Government to save gasoline.

This is entirely a voluntary movement. It is not rationing. This the Government hopes to avert. But we are faced with a critical shortage of gasoline due to the diversion of tankers for overseas service and to the growing needs of our Fighting Forces.

There is no call for panic—no need for alarm —but this war is being fought with gasoline and we are fighting for our very lives. Sign the Pledge today and continue to save fifty per cent of your gasoline consumption.

It is also vitally important that you reduce the use of domestic and commercial fuel oil.

REMEMBER: The slower you drive, the more you save!

The Government of the DOMINION OF CANADA

Acting through

THE HONOURABLE C. D. HOWE, *Minister of Munitions and Supply*

G. R. COTTRELLE, *Oil Controller for Canada*

17 easy ways towards a 50% GASOLINE SAVING

(Approved by Automobile Experts)

Reduce driving speed from 60 to 40 on the open road.
Avoid jack-rabbit starts.
Avoid useless or non-essential driving.
Turn motor off when not in use; do not leave idling.
Don't race your engine; let it warm up slowly.
Don't strain your engine; change gears.
Keep carburetor cleaned and properly adjusted.
Tune up motor, timing, etc.
Keep spark plugs and valves clean.
Check cooling system; overheating wastes gasoline.
Maintain tires at right pressure.
Lubricate efficiently; worn engines waste gasoline.
Drive in groups to and from work, using cars alternate days.
For golf, picnics and other outings, use one car instead of four.
Take those short shopping trips ON FOOT and carry parcels home.
Walk to and from the movies.
Boat owners, too, can help by reducing speed.

Your regular service station man will gladly explain these and other ways of saving gasoline. Consult him.

GO 50/50 WITH OUR FIGHTING FORCES

I Pledge myself to go 50/50 with our Fighting Forces by reducing my gasoline consumption by 50%
