On Wednesday, July 23rd, the Community Club members and their families held their annual picnic at Springwater Park, Midhurst. Despite the intense heat everyone seemed to have brought along a good appetite for dinner, after which all availed themselves of the opportunity to see the different forms of wild life in the park. One young member of the group expressed himself as being envious of the beaver, who were splashing at will in their pond. Those with sufficient energy made use of the softball diamond, while others were content to stroll along the artificial waterways and view the fish ponds and beautiful flowers. Unfortunately, some were unable to attend, but all who did expressed themselves as enjoying the outing very much.

Hitler is a vegetarian. Judging from accounts all the other Germans are too.

Historical nite: On the 25th of October, 1806, Napoleon's army entered Berlin.

We will probably have more mechanics that we need after the war, but that is something we will have to figure out in the future. Unless we win the war nothing else matters.

It seems like old times and the middle of summer with the Canadian National Exhibition sending out 700,000 chidren's free tickets to the 1941 shows to grade schools in every part of Ontario. Last year there were many doubting Thomases who favoured cancelling the Toronto Fair for the duration of the war. Fortunately their advice was not accepted and the Exhibition will feature the war effort, and the Dominion Defence Department is now arranging a display of war material that will illustrate what Canada is doing in the way of furnishing tools for Britain.

The thing that goes the farthest
Toward making life worthwhile,
That costs the least and does the most,
It's just a pleasant smile.

It's not a bad idea to get all your bills paid up before starting on summer vacation.
