Save Gas

To conserve gasoline is one of the slogans to-day and in order to do our part we are cutting down our route cream collection to once a week. So that the quality of your cream may not suffer, we are urging all cream producers to bring all the cream they can when making a trip to town.

May we also ask you to bring all your surplus cream cans or give them to the trucker, and thereby conserve metal for war purposes

POULTRY

We are paying Highest Possible Market Prices for live and dressed poultry. Get in touch with us before you sell.

Commencing in November, Saturday will be the only open night in the week.
