

January Meeting

- At the home of Lila Duff. As we enjoyed our lunch, we sat in the lovely solarium, surrounded by plants & greenery & watched the beautiful snowy scene outdoors, with dozens of birds fluttering to the many feeders - Finches, Bluejays, nuthatches, cardinals - truly a winter wonderland.

We discussed interesting experiences we have had in the past or present with our great Canadian winter. Betty told us about three of her teen-aged granddaughters who are on a mission trip to Haiti.

A pleasant social afternoon with not too much business to report.
