VANDELEUR

Our teacher, Miss Dawn, and pupils are making big preparations for their Christmas tree entertainment in the school Friday evening of this week.

Vandleur Centre Radio Forum met last week at the home of Howard Graham. Following the broadcast there was an interesting discussion on the subject for the evening "Home and Export Markets."

Residents of this community were sorry to learn of the death of Mrs. (Dr.) T. S. Sproule, who passed away in Toronto last week. The late Mrs. Sproule was an outstanding temperance advocate and over 65 years ago assisted to organize the first division of the Sons of Temperance in this community. ROCK MILLS

The school concert held on Friday night was a real success, and the teacher and pupils deserve much credit for the fine program. The school was well filled and everyone enjoyed the program throughout. The children each received a gift from their teacher, and Mrs. Dolan was presented with gifts from the section.

The sleighing is good now and many of the farmers are drawing logs to the mill, while those coming from a distance are being trucked in.

The lot of the rural mail carrier in winter is not an easy one, so let us ruralites remember this during the cold and stormy days ahead.

Our township has long been known as "frozen Osprey," but we scarcely realized how cold it is here, until last week, when we heard of some men having to build a fire in the bush to keep warm at a local wood bee. Can Andy Clarke beat that?
