JONAS WHITCOMB'S REMEDY FOR ASTHMA is worthy the attention of all who suffer from this distressing complaint. The success which has attended its use has induced the proprietors to publish some account of its wonderful properties, and to offer it for the benefit of those afflicted with Asthma.

The late JONAS WHITCOMB of Boston, so well known and so universally esteemed for his sterling integrity and generous disposition, visited Europe a few years since for the benefit of his health, which was much impaired by frequent attacks of Spasmodic Asthma.

While in Germany, an eminent physician who became interested in his case, promised him relief. He followed the treatment ordered, and to his surprise and joy his asthma almost instantly disappeared. He procured the recipe which had accomplished so much for him, brought it to this country, and it became the property of the present proprietors. Within the past two years this remedy has been used in upwards of one thousand of the worst cases in Boston and its immediate vicinity, with astonished and uniform success, and it is now offered to the public with full confidence in its merits. It contains no poisonous or injurious properties whatever, and an infant may take it with perfect safety.

ASTHMA.—A distinguished Barrister-at-Law writes from Augusta, Maine, as follows:

'When I commenced taking Jonas Whitcomb's Remedy for Asthma, I had been affected with that disease, nearly twenty years. It is of the Spasmodic kind; in a bad attack, I have frequently sat up sixteen nights in succession. Soon after taking the remedy, I found an unaccustomed relief; my health and strength began to improve; I have gained twenty pounds in weight, and have, comparatively, no Asthma. It seems to me that the very foundation of my disease is broken up, and that it will soon entirely leave me.

The medicine referred to above, is prepared by Joseph Burnett & Co., Boston, and is for sale by all the principal Druggists in the United States and Canada.

For sale by E. H. Parker, Dr. Skinner, and G. F. LaSerre, Kingston, and wholesaled by Lymans, Savage & Co., Montreal. 1y6

DR. WISTAR'S BALSAM OF WILD CHERRY.—The editor of the 'Flag of Our Union' says in his paper of July 17, 1858:—'The memory of Dr. Wistar is embalmed in the hearts of thousands who have experienced entire cure from Coughs, Colds, Consumption and Pulmonary Disease generally by the use of his Balsam. The invalid need not fear to give this preparation a careful trial, as we speak from experience. More than ten years since the editor of this paper tested its excellence by individual trial in his family, with the most surprising results, as a curative for pulmonary disease.'

BALSAM OF WILD CHERRY.

Testimony from L. B. Lamontagne, of the Journal de Quebec, Quebec, C. E.

MR. SETH W. FOWLE,

DEAR SIR,—It is now three years since first I procured Wistar's Balsam of Wild Cherry for my wife, who was troubled a long time with the Asthma, and a long continued cough, which prevented her from following her usual occupation. After having made use of four bottles, she received great benefit from their use.

I am your obedient servant,

L. B. LAMONTAGNE.

THE TOILET.—The preparations of Messrs. Joseph Burnett & Co., the celebrated Chemists of Boston, are maintaining immense popularity in the United States, and many of our Quebec friends have become enthusiastic in their favor. While other things 'grow in a day and die in a night,' these appear to become greater favourites as they are longer known. The Cocoaine is a remarkable preparation for beautifying and dressing the hair, and promoting its vigorous growth, and for the eradication of dandruff; it is without an equal.—Burnett's other preparations for the Skin, Teeth, and handkerchief, are admirable.—Quebec Chronicle, Dec. 17, 1859. 4w6

HAIR RESTORATIVE.—The demand for this unrivaled preparation for the hair and skin is beyond the possibility of a doubt, and its sale is greater than any other Hair Restorative that has ever been before the public. Tens of thousands of persons who were bald and gray, and others whose faces were covered with unsightly blotches, and pimples, are now, with their own glossy hair, and with faces comely and fair to look upon, seen daily promenading the streets of the principal cities of the Union, and by their influence spreading the fame of Wood's Hair Restorative throughout the civilized world. But the trial of one bottle is more convincing than all we could say in a whole Newspaper column.

It does not dye but gives life, health, and beauty to the decaying, falling, and dead, restoring as if by magic, that which was supposed to be irrecoverably lost. Heads nearly bald and others nearly white, are daily being changed to their pristine beauty, and faces covered with pimples are rendered as smooth as an infant's, and blushing as a rose, all by the use of Pro. Wood's Hair Restorative.—St. Louis Commercial List.

Sold by all respectable Druggists. [1m12

Auction Sale by John Patterson.

GLEN LOGIE.

WILL be sold by PUBLIC AUCTION, positively and without any reserve, on

Thursday, the 19th of January, 1860,

at the Auction Room of the Subscriber, at 12 o'clock, noon (if not previously disposed of by private sale), the estate of GLEN LOGIE, three miles from the City of Kingston, in the township of Pittsburgh, containing 305 acres of land, fronting on the majestic and beautiful River St. Lawrence, 170 acres of which are under cultivation, the remainder being a Forest of Hickory, Birch, Pine, Beech and Maple, with Cedar and Black Ash for fencing purposes.

THE DWELLING

is a substantial and most comfortable stone Mansion, having a never-failing WELL adjoining the Kitchen. The Out-houses consist of a Farmer's Residence, three excellent Barns, Stables, Root-house, &c., all in excellent order; with a School-house, having an acre of land attached on condition of suitable occupancy.

THE GARDEN

is unsurpassed in culture, and well-stocked with a variety of superior Fruit-Trees and Bushes, while Strawberries, Raspberries, Cherries, Plums, and other wild fruit grow abundantly on the Farm.

THIS LOCATION

was first selected as a residence by a gentleman of acknowledged taste (the late Major Logie), not only on account of its fertility of soil, but also because of its natural beauty and its proximity to the best society and to Kingston, whose CHURCH-BELLS and GUN may be distinctly heard at the Mansion Door.

GLEN LOGIE

is perhaps one of the most desirable abodes in Canada for the Gentleman-farmer, who will find here first-class accommodation of every description, with boating (a natural rock wharf lying right in front of the Lawn), fishing, shooting, and other kinds of FIELD SPORTS, amidst the most picturesque and Romantic Scenery; while, should he desire it, a ready exchange of a Country to a City Life, or a transfer to the heart of the famed Thousand Islands (of which Glen Logie is the opening scene), can be at once effected either by water or land, the Kingston and Gananoque Macadamized Road running through the Farm at a distance of an eighth of a mile from the Mansion, with which it is connected by a beautifully shaded Serpentine Avenue.

BLOOD FOOD

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, Cough, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side, loss of time in procuring a bottle of the "BLOOD FOOD." If you are suffering from Nervous Debility, or your sleep is broken and disturbed. If your Spirits are depressed or your Organs relaxed, you will find in this an unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever, one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyspepsia, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking one bottle. In Male or Female Complaints and Weakness, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles. The 'BLOOD FOOD' is effectual in all cases of Eruptions, Salt Rheum Scrofulas and other like complaints. Pale and emaciated children and adults are immediately benefited by its use. It gives strength to the body and color and beauty to the skin.—Physicians of all schools are using it with wonderful success.

STARTLING BUT TRUE.

SURVIVE OR PERISH.

Holloway's Pills.

The history of this great remedy is the most wonderful medical revelation that the world has ever known. It is not a history written by one man, or even derived from the experience of one nation, but consists of a compilation of testimonials from the sick of every country—a record, the like of which has never been adduced in favor of any discovery or invention since time began.

BILIOUS DISORDERS.

In whatever form disease attacks the liver, it is repelled and exterminated by this searching, painless and irresistible curative.

Let the sick whom the faculty have abandoned, resort with confidence to this powerful antibilious agent, and a restoration to health and activity will be the unvarying result.

DYSPEPSIA

The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY & WEAKNESS.

From whatever cause, LOWNESS or SPIRITS, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

SICKLY FEMALES.

Should lose no time in trying a few doses of this regulating and renovating remedy; whatever may be their complaint, it can be taken with safety in all periodical and other disorganizations; its effect is all but miraculous.

Holloway's Pills are the best remedy known in the world for the following diseases:

IMPORTANT TO CONSUMPTIVES

DR. CHURCHILL'S DISCOVERY

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

As Discovered and Prescribed by him, as a Specific for

CONSUMPTION.

This great Remedy is a discovery of Chemical Science, founded upon the Hypothesis that the proximate cause of Consumption is the deficiency or undue waste of the oxydizable phosphorus normally existing in the economy; and that, therefore, the specific Remedy for the disease, consists in restoring the deficient element by the use of such a preparation of Phosphorus as unites the two conditions of being in a state that it may be directly assimilated, and at the same time, at the lowest degree of oxydation. The HYPOPHOSPHITES OF LIME, SODA AND POTASH present these conditions, in the most complete manner, being perfectly soluble and nearly as oxydizable as Phosphorus itself.

The Hypophosphites exert an important influence directly on the nervous system, of a tonic character, increasing the principle which constitutes nervous force, and are the most powerful blood-generating agents known. They are therefore invaluable in all forms of Nervous or General Debility, Asthma, Bronchitis, Dyspepsia, and Loss of Vital Energy from whatever cause. Ladies suffering from Complaints peculiar to their sex, will find this remedy not with change effect, from its vitalizing and renovating power.

☞ Caution to the Public. ☜

Various preparations are already in the market, purporting to be based on Dr. Churchill's discovery, against which we solemnly caution both the profession and the public. No arts will be spared by unscrupulous and dishonest parties to impose upon the unwary.

☞ Beware of them all, if you would not be poisoned by deleterious stuff. Read the following:

TESTIMONY OF DR CHILTON:

'I have carefully analyzed samples of the Hypophosphites of Lime, Soda, and Potash from which Mr. J. Winchester manufactures Dr. Churchill's Compound Solution of the Hypophosphites, and find them to be properly made and chemically pure. Having had many opportunities of testing the uniform purity of the articles which he uses in compounding this new Remedy for Consumption, and having a personal knowledge of his honesty and integrity, I feel that I can assure the Profession and the Public, that this Preparation of the Hypophosphites can be relied on.

'JAMES R. CHILTON, M. D., Chemist.

'New York, Feb. 8, 1859.

In addition to this unimpeachable evidence I call the attention of the Public to the more important and conclusive

TESTIMONY OF DR. CHURCHILL:

'To be used with effect, the Hypophosphites must be perfectly pure; otherwise they may, in some cases, appear altogether inert, or even injurious. In five cases out of six, the Salts usually sold as pure in Paris, under the name of Hypophosphites, are totally unfit for Medical use.

DR. CHURCHILL'S WORK ON CONSUMPTION

And testimonials, new and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the hair to gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st, 1858.

PROF. WOOD: Thee will please accept this to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain staff for caps, neither have I been able to do them up, in consequence of which my head had suffered extremely from cold. This induced me to pay Briggs & Bonney a visit the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed thy directions, and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling so confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee, if thee would not be willing to send me an order on the line agents for a bottle, and receive to thyself the scripture declaration—the widow's and the fatherless.'

Thy friend, SUSANAH KIRBY.

Ligonier Noble Co., Indiana, Feb 3, 1859.

PROF. O. J. WOOD: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the state of Indiana, my most casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognise me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with the effect. Very respectfully, yours,

A. M. LATTA.

Attorney and Counsellor at Law,
