HAIR RESTORATIVE.—The demand for this unrivaled preparation for the hair and skin is beyond the possibility of a doubt, and its sale is greater than any other Hair Restorative that has ever been before the public. Tens of thousands of persons who were bald and gray, and others whose faces were covered with unsightly blotches, and pimples, are now, with their own glossy hair, and with faces comely and fair to look upon, seen daily promenading the streets of the principal cities of the Union, and by their influence spreading the fame of Wood's Hair Restorative throughout the civilized world. But the trial of one bottle is more convincing than all we could say in a whole Newspaper column.

It does not dye but gives life, health, and beauty to the decaying, falling, and dead, restoring as if by magic, that which was supposed to be irrecoverably lost. Heads nearly bald and others nearly white, are daily being changed to their pristine beauty, and faces covered with pimples are rendered as smooth as an infant's, and blushing as a rose, all by the use of Pro. Wood's Hair Restorative.—St. Louis Commercial List.

STARTLING BUT TRUE.

SURVIVE OR PERISH.

Holloway's Pills.

The history of this great remedy is the most wonderful medical revelation that the world has ever known. It is not a history written by one man, or even derived from the experiences of one nation, but consists of a compilation of testimonials from the sick of every country—a record, the like of which has never been adduced in favor of any discovery or invention since time began.

BILIOUS DISORDERS.

In whatever form disease attacks the liver, it is repelled and exterminated by this searching, painless and irresistible curative.

Let the sick whom the faculty have abandoned, resort with confidence to this powerful antibilious agent, and a restoration to health and activity will be the unvarying result.

DYSPEPSIA.

The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY & WEAKNESS.

From whatever cause, LOWNESS OF SPIRITS, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

BLOOD FOOD

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, Cough, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side, loose no time in procuring a bottle of the "BLOOD FOOD."—If you are suffering from Nervous Debility, or your sleep is broken and disturbed, if your Spirits are depressed or your Organs relaxed, you will find in this an unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever, one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyspepsia, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking one bottle. In Male or Female Complaints and Weakness, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles. The 'BLOOD FOOD' is effectual in all cases of Eruptions, Salt Rheum Scrofulas and other like complaints. Pale and emaciated children and adults are immediately benefited by its use. It gives strength to the body and color and beauty to the skin.—Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.

—o—

IN presenting you with DR. BATONS INFANTILE COMFORT, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them.

Secondly—It is entirely free from paregoric or opiate of any kind, and consequently it leaves by removing the suffering child, instead of condemning its sensibilities under the direction of Dr. Baton, many of them are also, for soothing the gums and relieving pain. For regulating the bowels it is unequaled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend your attention to this in preserving infantile life. Lastly—it costs so much more than other preparations of the kind, that we cannot afford to lose no time in procuring it.

PARENTS OF THE KIND, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most economical to all mothers. In all cases, be careful to ask for DR. BATON'S INFANTILE COMFORT, and take no other preparation.

FOR ALL COMPLAINTS ATTENDING TEETHING: such as DYSENTERY COLIC, over every other preparation, viz:

Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its other merits under the direction of Dr. Baton, many of them which it is distilled being due from the foreign parents of the child, from pain, stomach and bowels, gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS AND WIND COLIC,

and overcome convulsions, which if not speedily remedied end in death. We believe it the best and safest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices or those of others, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if directions for using will be strictly used. Full directions accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and

IS SURE TO REGULATE THE BOWELS.
Depend upon it mothers, it will give rest to yourselves and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say in confidence and truth of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues.—We speak in this matter WHAT WE DO KNOW, after ten years experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with never-failing success in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

IMPORTANT TO CONSUMPTIVES

DR. CHURCHILL'S DISCOVERY

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

As Discovered and Prescribed by him, as a Specific for

CONSUMPTION.

This great Remedy is a discovery of Chemical Science, founded upon the Hypothesis that the proximate cause of Consumption is the deficiency or undue waste of the oxydizable phosphorus normally existing in the economy; and that, therefore, the specific Remedy for the disease, consists in restoring the deficient element by the use of such a preparation of Phosphorus as unites the two conditions of being in a state that it may be directly assimilated, and at the same time, at the lowest degree of oxydation. The HYPOPHOSPHITES OF LIME, SODA AND POTASH present these conditions, in the most complete manner, being perfectly soluble and nearly as oxydizable as Phosphorus itself.

The Hypophosphites exert an important influence directly on the nervous system, of a tonic character, increasing the principle which constitutes nervous force, and are the most powerful blood-generating agents known. They are therefore invaluable in all forms of Nervous or General Debility, Asthma, Bronchitis, Dyspepsia, and Loss of Vital Energy from whatever cause. Ladies suffering from Complaints peculiar to their sex, will find this remedy act with charming effect, from its vitalizing and renovating power.

☞ Caution to the Public.

Various preparations are already in the market, purporting to be based on Dr. Churchill's discovery, against which we solemnly caution both the profession and the public. No arts will be spared by unscrupulous and dishonest parties to impose upon the unwary.

☞ Beware of them all. If you would not be poisoned by deleterious stuff. Read the following:

TESTIMONY OF DR CHILTON:

'I have carefully analyzed samples of the Hypophosphites of Lime, Soda, and Potash, from which Mr. J. Winchester manufactures Dr. Churchill's Compound Solution of the Hypophosphites, and find them to be properly made and chemically pure. Having had many opportunities of testing the uniform purity of the articles which he uses in compounding this new Remedy for Consumption, and having a personal knowledge of his honesty and integrity, I feel that I can assure the Profession and the Public, that this Preparation of the Hypophosphites can be relied on.

'JAMES R. CHILTON, M. D., Chemist.

'New York, Feb. 8, 1859.

In addition to this unimpeachable evidence, I call the attention of the Public to the more important and conclusive

TESTIMONY OF DR. CHURCHILL:

'To be used with effect, the Hypophosphites must be perfectly pure; otherwise they may, in some cases, appear altogether inert, or even injurious. In five cases out of six, the Salts usually sold as pure in Paris, under the name of Hypophosphites, are totally unfit for Medical use.

DR. CHURCHILL'S WORK ON CONSUMPTION

has been received from Paris, and will be published with all possible dispatch. I have also an original letter from Dr. Churchill, in exposition of his Discovery, which, with Circular, and other valuable information, will be sent to all sufferers throughout the Union, whose names may be forwarded to me.

I have permission to refer to many gentlemen of high standing in this City, among others, to Horace Greeley, Esq., Editor of the N. Y. Tribune, who has known me intimately for the last twenty-six years; also, Hon. H. J. Raymond, Editor of the N. Y. Times.

Price $2; three bottles for $5, with ample directions. Single bottles, in concentrated solution, sent by mail, when specially ordered. Each bottle of Winchester's Genuine Preparation of the Hypophosphites has his fac simile signature. The trade supplied upon the lowest terms for cash.
