MAXWELL

Morning Subject: "Faith that will fail."

Sunday evening a set of pictures will be shown with the title, "The Church in Honan Rides the Storm." They tell how even though the missionaries left Honan, conquered area in China, to go to West China, nevertheless the Church carries on there. They give us up-to-date information about some of the most recent happenings in China.

Another good thing about telling the truth is that you don't have to remember what you said.

Information is something you have but can't use, while rumor is something the other fellow uses because he has no information.

Clear telephone lines for ALL-OUT PRODUCTION

Your telephone is part of a vast *interlocking* system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

OTHER "WARTIME TELEPHONE TACTICS"

1. SPEAK distinctly, directly into the mouthpiece.
2. ANSWER promptly when the bell rings.
3. BE BRIEF. Clear your line for the next call.
4. USE OFF-PEAK hours for your Long Distance Calls.

These things may look trifling, but on 6,500,000 daily telephone calls, they are very important.
