Elect COLGAN

In South Grey

On August 4th

ELECTORS OF SOUTH GREY.

Ladies and Gentlemen,—

Last week I announced that I would be a candidate for election on August 4th as your representative in the next Ontario Legislature.

I pointed out that the lack of time would make it difficult for me to see and speak to all of you personally but I do want you to know just where I stand on the more important matters which should be the concern of evey intelligent elector.

This week I am submitting for your consideration some of the things which will receive my active support in the event I am returned as member for South Grey. In my opinion at least, they are all worth while.

1. The Maintenance of British Connection and The Strengthening of Empire Partnership.
While we are whole-heartedly in favour of the good neighbour policy, you are assured that no Speaker in a Legislature in which Geo. A. Drew is Government Leader will be preaching political union with the United States of America.

2. Effective Co-operation With All Other Governing Bodies in Canada for the Prosecution of the War.
This does not mean that we will refrain from criticism of the Dominion Government if and when that Government fails to measure up to its responsibilities.

3. Legislation to encourage Enterprise and Employment For a Satisfactory Return in All Legitimate Branches of Endeavor.
Farms, Factories, Mines and Forests, as well as Personal Service, will be assisted by removing bureaucratic restrictions and reducing taxes. Individual initiative will not be stifled.

4. Establishment of Committees of Oustanding Farm-Production and Distribution of Essential Agriculers in Each County to Plan, Direct and Regulate tural Commodities.
It is planned to establish Government ownership and operation of stock yards to discourage speculation and manipulation, and to assure fair prices.

5. Labor Legislation Assuring Fair Treatment to Both Employers and Employees.
And the avoidance of disturbance and loss to them, to their families and to the general public, which is now too often the net result of strikes and lockouts. Enforceable legislation regarding collective bargaining and the advanced labor laws of other countries will be the basis of study by an appointed committee representing all interests, with a view of reaching a satisfactory solution of the labor problem.

6. The Development of Ontario's Mining Industry Will Be Assisted.
Encouragement will be given to geologists and prospectors to discover new mineral areas. This great industry, which helped so much to save the Province during the depression years, can again be made prosperous and give employment to many thousands of men after the war, by considerate legislation under the active direction of a practical Minister of Mines.

7. Our Provincial Forests Are Wasting for Lack of Proper Management.
It will be the aim of the Progressive-Conservative Government, if returned to power, to place this great but rapidly dwindling resource on a long term basis, to cancel all vicious timber contracts which now exist, and to administer our forest areas so as to give employment to more of our own people, to dispose of the marketable timber fairly, and to make suitable provision for permanency by adequate reforestation.

These are only seven of the features contained in the platform as recently presented by Col. Geo. A. Drew. With all of them I am in agreement, and will support if elected in South Grey. I would ask you to read them carefully; weigh them well. If they appeal to you as practical and in the best interest of the people of Ontario, you will have several good reasons for voting for me on Wednesday, August 4th.

Yours truly,
A. E. COLGAN.

Markdale, Ont., July 12, 1943.

In Memoriam

TEETER — In loving memory of our dear son, Lorne, who was accidentally killed July 17th, 1938.

The face we loved is now laid low,
His loving voice is still,
The hand so often clasped in ours
Lies now in death's cold chill.
We often set and think of him,
When we are all alone,
For memory is the only thing
That grief can call its own.

Seventeen ladies and our minister Rev. Mr. Westcott, gathered at the church on Thursday, July 8, for their regular monthly meeting. The meeting opened with the use of the hymn 519, "Lord for all Mankind we pray," followed by the repeating of the Lords Prayer.

Distribution of birthday gifts was the ever interesting feature of the meeting, after which business was discussed. A finished quilt was offered for sale. Plans were made for the securing of another parcel of remnants. Suggestions were made for the buying of a treat for Mr. W. G. Acheson, who is ill at his home. Collection taken amounted to $1.60.

The business hour over, thoughts turned to the programme parts of the meeting. Mrs. John Duncan, Mrs. Walter Nichols and Christena Duncan each gave an interesting reading. A word of welcome was extended by the President, Mrs. Elmo Stevens, on behalf of the members of the Society, to Rev. Mr. and Mrs. Westcott, who attended the meeting. In turn Rev. Mr. and Mrs. Westcott, each responded. Mrs. Oscar Patterson read the topic and Mrs. Russell Acheson close as her solo, "Living for Jesus."
