A SHARP TRANSLATION.—An exchange paper states that a fellow in Venango county, Pa., printed in the following manner by the 'oil excitement' now prevailing so extensively in the western and north-western part of Pennsylvania:—He bored a hole on his land, poured a barrel of oil in it, and then called his neighbours to see the large yield. The result was that he sold his land for $2,000 in cash, pocketed the money, oiled his boots, and 'slid.'

The greatest preservative of beauty known to modern science, is Professor Wood's Hair Restorative and Cosmetic. Among the most important features of female beauty, are a luxuriant head of hair and a fine complexion; both of which should be guarded as sacred treasures, for either may be lost by neglect, or preserved by the use of the above named article; delay is dangerous. We seldom undertake, editorially, to endorse what are called 'Hair Restoratives,' as knowing full well that the great majority of such preparations are entirely worthless. Exceptions there are, nevertheless, and among these we have never hesitated to express our conviction that the article known as 'Wood's Hair Restorative' is entitled to a proud pre-eminence. This article has told its own story in numberless instances of premature gray and bald heads, and the certificates in regard to its amazing efficacy have been alike numerous, unsolicited, and emphatic. When Senators of the United States and others (of the highest standing socially and politically) openly declare that 'Wood's Hair Restorative' is all, and more than all, it pretends to be, we cannot do otherwise than believe them. The article can be had at all our Druggists. See notice elsewhere. Rahway Republican.

HOLLOWAY'S PILLS.—If we would destroy a poisonous plant, we attack the roots, not the leaves and blossoms. The operation of Holloway's Pills proceeds upon the same principle. The cadaverous complexion, sunken eye, and stooping frame, are simply indications that the internal organs are not doing their duty. If the skin is suffused with bile, and the breath offensive, there are obstructions in the liver. If the food, after eating, seems to lie like lead at the pit of the stomach, and is turned into foul gases instead of wholesome pabulum, the organs of digestion are diseased. Upon these distempered viscera the Pills act as a powerful alterative. They purge mildly, and at the same time regulate and purify the secretions and the blood. Need we say that the inevitable consequence is a thorough cure? 54

ONE OF THE HUMANITARIAN MOVEMENTS of the times although little known as such, can hardly be over estimated in its importance upon the well being of our widely scattered communities. The population of the American States is in many sections so sparse, that skillful Physicians are hardly available to them. Vast numbers of our people, are obliged to employ in sickness, such medical relief as they can hear of from each other, or indeed any they can get from any quarter. Hence arises the great consumption of Patent Medicines among us, greater by far than in any of the old countries, where skillful physicians are accessible to all classes. Unprincipled men have long availed themselves of this necessity, to palm off their worthless nostrums, until the word has become synonmous with imposition and cheat. One of our leading Chemists of the East, Dr. Ayer, is pursuing a course which defeats this iniquity. He brings not only his own but the best skill of our times to bear, for the production of the best remedies which can be made. These are supplied to the world, in a convenient form, at low prices, and the people will no more buy poor medicines instead of good, at the same cost, than they will bran instead of flour. The inevitable consequence of this is, that the vile compounds that flood our country are discarded for those which honestly accomplish the end in view,—which cure. Do we over estimate its importance, in believing that this prospect of supplanting the by-word medicines, with those of actual worth and virtue, is fraught with immense consequence for good, to the masses of our people.—Gazette and Chronicle, Peru, In. 54

MRS. WINSLOW

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP!
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and IS SURE TO REGULATE THE BOWELS.

Depend upon it mothers, it will give rest to yourselves and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say in confidence and truth of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delight-ed with its operations, and speak in terms of highest commendation of its magical effects and medical virtues.—We speak in this matter WHAT WE DO KNOW, after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with never-failing success in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS AND WIND COLIC,

and overcome convulsions, which if not speedily remedied ends in death. We believe it the best and surest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has used any of the foregoing syrup, that her child suffering from prejudices of others, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used.
