We have frequently regretted that, at the start of the war, we didn't keep count of the German casualties. These must be easily a hundred million or so to date who have been bumped off by the Allies—and especially by the Russians.

Navy League Tag Day On Saturday

The Navy League of Canada is again holding its tag day in our municipality on Saturday, Nov. 27th, and we wish them every success in this very patriotic effort on behalf of merchant seamen. We live in peace in this community while our brothers, fathers and sons bear the brunt of battle not only on the sea, but also on land and in the air, and it is our duty to support every effort, in order to strengthen their morale so that victory may be ours and not Hitler's.

The Navy League has made marvellous contributions to our fighing naval men and our merchant seamen, and its sixteen hostels and recreation centres have added greatly towards the welfare and comfort of these men of the sea. It is interesting to note that during 1942, more than two million merchant seamen crossed the thresholds of the Navy League Seamen's Clubs where good meals were provided and comfortable sleeping accommodaion, hot and cold shower baths, recreation and pleasing entertainment. When these men leave the Navy League hostels, they do with courage in their hearts and thankfulness, because of the generosity of Canadian people for all that they have received.

The taggers for the Navy League in this community will feel that they have performed a noble and patriotic service if every citizen gives them the support which they need at this time. We must not ignore their outstretched hands for they form the first link in the chain that stretches from this community to our brave men of the seas, carrying our concrete 'thank you' for the tremendous service they are rendering in protecting and serving us, for if it were not for these men, the battles of this war might well be fought on the streets, lanes, highways and fields of our own country.

Let us rise to this task and carry out the noble traditions of Lord Nelson who said so many years ago. "England expects that every man this day will do his duty."

Farm Unit System Is Given Endorsement

Heralding a new principle of farming in Ontario, which will be in initial operation throughout the 1944 season, representatives of 35 counties unanimously recommended the adoption of a plan presented by Ontario Agricultural Minister T. L. Kennedy whereby county agricultural units will be set up to study and solve various farm problems.

This Government-assisted group will deal with the marketing and distribution of farm products, soil conservation and reforestation, the health of animals and the prevention of disease, improvement of field crops, a better quality of live stock and dairy products.

"The county unit system, which we propose to establish in Ontario, has been adopted with great success in Britain, where it was put into operation as a means of increasing food production when the war began," said Col. Kenendy. "The work of these committees was so effective that food production was increased from 30 per cent of the nation's requirements to 70 per cent, and at the same time the position of agriculture was improved."

Many Deer Taken

Deer hunters in this area did real well in securing their trophies during the open season for deer last week. Quite a number of outside hunters were present, some of them having been in the north, where they failed in securing any game. Mr. Jos. Watson had a party of eight, including Calvin Hutchinson, Bob Corbett of the South Line, Sam McClure Sr., Sam McClure Jr., Brampton, Earl Bradey, Toronto, and Bert Hutchinson. Joe and Calvin Hutchinson shot two each. Ted McClure of Caledon East shot two Wilfred Lever one and two men from Toronto in the same party one each. In the Eugenia area Reg Fawcett, Burton Campbell, Cecil Graham of Eugenia took one each and Howard Elgie of Toronto accounted for another. Jas. Oliver and Lloyd Vause of the O.D.R. and Jas. Turner of Laurel secured their number.

The snow made for better hunting this year and a large number of deer was taken in Grey County more than in any year yet. There are, however, plenty left yet for another year.

T. S. COOPER ADDRESSED ARTEMESIA FEDERATION

The annual meeting of the Artemesia Federation of Agriculture was held at the Park House on Monday, November 15th. Mr. T. S. Copper, Department of Agriculture, was the special speaker. Mr. Cooper, in addressing the meeting, emphasized the necessity of the Federation organization, so that in the future the farmer would be in a better position to look after his own interests. Mr. Cooper stated that at present the farmer is subject to the will of the large corporation, who is always ready to exploit him. Means of financing the Federation was thoroughly discussed and it was felt that although the proposed system of taxing at the rate of one-fifth of a mill on the assessment is not all that is to be desired, this system would provide some financial aid until such time as the farmer is better organized.

The Board of Directors was elected for the coming year, as follows: Jas McLoughry, Roy Piper, Howard I. Graham, Clifford Allen and George Buchanan.
