### ARMSTRONG — DeRIVERS

The First Baptist Church, Collingwood, was the scene of a quiet but pretty wedding on Saturday, Nov. 20, when Frances Marion, eldest daughter of the late Mr. and Mrs. Frederick DeRivers of Barrie, was united in marriage to Carl Edward, youngest son of Mrs. Edward Armstrong (nee Jinnie Ottewell) and the late Edward Armstrong, formerly of Lockwood, Sask., now of Collingwood. Rev. Bristol of Collingwood officiated.

The bride, given marriage by her cousin, Frederick Cowell, looked charming in a street-length dress of pale gold wool, and black accessories, with corsage of Talisman roses and baby's breath. The bridesmaid, Miss Janet Cowell, of Collingwood was attired in a street-length dress of poppy red rayon faconne crepe with black accessories and corsage of Talisman roses and baby's breath. The groom's attendant was Cpl. F. L. DeRivers of Barrie, brother of the bride. Miss Bristol, daughter of Rev. and Mrs. Bristol, presided at the organ. The ushers were Misses Sadie White and Dolly Ottewell. The groom's gift to the bride was a Bulova wrist watch; to the bridesmaid, a gold locket; to the ushers, acelate pins.

After the ceremony, the bridal party returned to the groom's home, where Mrs. J. Cowell, aunt of the bride and the groom's mother received with the bride and groom, after which the bride and groom led the way to the dining room, which was tastefully decorated in pink and white when about forty guests partook of a beautiful buffet luncheon. The bride's table was centred by a three-story wedding cake.

After the reception the young couple left amid showers of confetti and good wishes for a short honeymoon, after which they will reside in Collingwood, where they are employed by the Collingwood Shipyards as electric welders.

### HIS WATERLOO

A barrister became somewhat acrimonious in his cross-examination, but the little woman in the witness box remained calm.

Eventually counsel said: "You say you have no education, but you answer my questions smartly enough."

The witness replied: "You don't have to be a scholar to answer silly questions.
