FROM CALIFORNIA.

New York, March 10.

Dr. Chase has been tried for adulterating acids used at the San Francisco Mint, but the jury could not agree. A new trial will take place immediately.

A bill has been introduced in the Legislature proposing that the State assume the Indian war debt, amounting to $3,000,000, to be paid within ten years if the United States does not sooner provide for it.

Resolutions asking Congress to dissolve the injunction against the New Almeiden quicksilver mine have passed the Assembly. The resolutions have been earnestly debated in the legislature, instructing the congressional delegation to use their best exertions against the segregation of any portion of the state from which to form a territory until a majority of the people of the entire State has consented to disunion.

The Secretary of the Pacific Railroad convention has sent a communication to the Legislature. The principal recommendation of the convention is, that the legislatures of Oregon and California establish each an international improvement fund for the purpose of building the Pacific railroad; that the swamps and overflooded lands within said States run from the vicinity of San Francisco through the counties of Sanolaria, Santa Clara and Almeda, to the city of Stockton, and be continued thence towards the eastern frontier of the State, in the direction the legislature shall direct; that the counties traversed by the said road be authorized to levy a special tax and to contract loans to enable them to subscribe to the capital stock thereto; that the Legislature propose such amendments, the continuation to be ratified by a vote of the people, as will enable the people to lend thereout for the construction of the Pacific Railroad to the extent of not more than 15,000,000 dollars; that the Legislatures of California, Oregon and Washington Territory cause the several passes through the mountains, lying eastward of the said States and territory, to be accurately surveyed.

Great activity exists throughout the State in mining explorations, which are attributable to the recent discovery of silver mines in western Utah. The disposition since those discoveries has been to search more for silver than gold, and the result thus far is that veins of silver have been found on Calaveras and Santa Clara counties, and on the coast range, near Clare Lake.

There is no doubt of the discovery of silver mines in all these localities, but whether any of them are valuable cannot be settled without the expenditure of considerable labor and capital. The discoveries already made are operating as incentives to renewed exertion for more thorough explorations.

The recent discovery of quicksilver mines in Sonora and Napaco is considered important. Deposits of canabar and rock, containing mercury in a state of purity, have been found along the borders of what are known as the Geiser Mountains, for a distance of over 25 miles. The mineral is found in loose boulders on the surface and veins extending into the mountains, and the deposits of these veins, as well as the geological formation of the country, indicate very extensive deposits. The portions of the mountain supposed to be valuable are reclaimed, and several companies are preparing to commence mining.

Another quicksilver mine is about to be worked in Monterey City, seven miles from the Negrohead mines, in successful operation.

News for Carson valley represent considerable emigration thither. Notwithstanding the inclement season, the mining accounts are as glowing as ever, but the speculative spirit so adores everything that it is difficult to arrive at the truth. Undoubtedly many thousand Californians will visit the mines in the spring. Under the belief that there is another extensive mining region in the eastern slope of the Sierra Nevada mountains rivalling California in extent and riches is steadily growing stronger.

Some parties who have returned from Washoe are sanguine enough to estimate the probable production of silver from the mines already opened at $10,000,000.

New discoveries of silver mines are reported at Steamboat Springs, north of Virginia city, near the Six Mile Desert, east and west of Carson city and Genoa, and adjacent to the Brookes mines.

Arrivals at the British American Hotel.

IN TIME OF HEALTH PREPARE FOR SICKNESS.—Nothing is more preposterous than to think that, because at the present time you may be in health, disease will never overtake us. How many have gone forth to their business in the morning, and returned before the close of the day to lay themselves down upon beds of sickness, from which they have not arisen for months. We would remind our readers that, for a family medicine, nothing can equal 'Kennedy's Medical Discovery.' Of humors, it is a sure exterminator. Scrofula and Cancer, Rheumatism and Neuralgia, are cured by this magical remedy.

For Sale by every Druggist in the British Provinces. 54

The greatest preservatives of beauty known to modern science, is Professor Wood's Hair Restorative and Cosmetic. Among the most important features of female beauty, are a luxuriant head of hair and a fine complexion; both of which should be guarded as sacred treasures, for either may be lost by neglect, or preserved by the use of the above named article; to say is dangerous. We seldom undertake, editorially, to endorse what are called 'Hair Restoratives,' as knowing full well that the great majority of such preparations are entirely worthless. Exceptions there are, nevertheless, and among these we have never hesitated to express our conviction that the article known as 'Wood's Hair Restorative' is entitled to a proud pre-eminence. This article has told its own story in numberless instances of premature gray and bald heads, and the certificates in regard to its amazing efficacy have been alike numerous, unsolicited, and emphatic. When Senators of the United States and others (of the highest standing socially and politically) openly declare that 'Wood's Hair Restorative' is all, and more than all, it pretends to be, we cannot but otherwise than believe them. The article can be had at all our Druggists. See advertisement elsewhere. Albany Republican.

Sold by all Druggists. 57

ONE OF THE HUMANITARIAN MOVEMENTS of the times although little known as such, can hardly be over estimated in its importance upon the well being of our widely scattered communities. The population of the American States is in many sections so sparse, that skillful Physicians are hardly available to them. Vast numbers of our people, are obliged to employ in sickness, such medical relief as they can hear of from each other, or indeed any they can get from any quarter. Hence arises the great consumption of Patent Medicines among us, greater by far than in any of the old countries, where skillful physicians are accessible to all classes. Unprincipled men have long availed themselves of this necessity, to palm off their worthless nostrums, until the word has become synonmous with imposition and cheat. One of our leading Chemists of the East, Dr. Ayer, is pursuing a course which defeats this iniquity. He brings not only his own but the best skill of our times to bear, for the production of the best remedies which can be made. These are supplied to the world, in a convenient form, at low prices, and the people will no more buy poor medicines instead of good, at the same cost, than they will bran instead of flour. The inevitable consequence of this is, that the vile compounds that flood our country are discarded for those which honestly accomplish the end in view,—which cure. Do we ever estimate its importance, in believing that this prospect of supplanting the by-word medicines, with those of actual worth and virtue, is fraught with immense consequence for good, to the masses of our people.—Gazette and Chronicle, Peru, Ia. 54

HAIR DYE—HAIR DYE—HAIR DYE

Wm. A. Batchelor's Hair Dye!

The Original and Best in the World.

All others are mere imitetions, and should be avoided, if you wish to escape ridicule.

Gray, Red, or Rusty Hair Dyed instantly to a beautiful and Natural Brown or Black, without the least injury to Hair or Skin.

Fifteen Medals and Diplomas have been awarded to Wm. A. Batchelor, since 1839, and over 80,000 applications have been made to the Hair of his patrons of his famous Dye.

William A. Batchelor's Hair Dye produces a color not to be distinguished from nature, and is WARRANTED not to injure in the least, however long it may be continued, and the ill effects of Bad Dyes remedied; the Hair Invigorated for Life by this Splendid Dye.

Made, sold or applied (in 9 private rooms) at the Wig Factory, 233 Broadway, New York.

Sold in all cities and towns of the United States, by Druggists and Fancy Goods Dealers, and in Kingston by E. H. PARKER.

☞ The Genuine has the name and address upon a steel plate engraving on four sides of each Box.

WILLIAM A. BATCHELOR.

In Press, and Will be Published, on March 17th,

A NEW WORK BY THE DISTINGUISHED AMERICAN AUTHORESS

MRS. EMMA D. E. N. SOUTHWORTH.

THE HAUNTED HOMESTEAD

WITH AN AUTOBIOGRAPHY OF THE AUTHOR

BY MRS. EMMA D. E. N. SOUTHWORTH.

Author of the 'Lost Heiress,' 'Deserted Wife,' 'Missing Bride,' 'India,' 'Wife's Victory,' 'Retribution,' 'Curse of Clifton,' 'Vivia,' 'The Three Beauties,' 'Lady of the Isle,' &c., &c., &c.

Complete in one large Duodecimo Volume, neatly bound in Cloth, for One Dollar and Twenty-five Cents. Or in two Volumes, Paper Cover, for One Dollar.

THE Publishers take great pleasure in being able to present to the American public another new and charming work by the popular American Authoress, Mrs. EMMA D. E. N. SOUTHWORTH. She is excelled by no living female writer in the world. Her style is free from insipidity on the one hand and bombast on the other; and though we meet with forcible, we are never startled with inflated language. Her characters are rarely under, but never overdrawn. Her scenes are life pictures, her incidents founded on facts, and her sentiments are characterized by a singular purity both of conception and expression. She has the rare faculty of saying what she means, and of saying it in such a manner as that her meaning cannot be misinterpreted. In short, she possesses in an eminent degree those qualifications which are the peculiar prerogatives of a good writer; while she delights the reader's imagination with her descriptive beauty, she applies home truths to their understanding with the force of rational conviction. The 'HAUNTED HOMESTEAD' has been pronounced, by those who have read the proof-sheets, to be her best work. This is sufficient to commend it to perusal, and we anticipate for it a great popularity.

For Sale by all Booksellers.

☞ Copies of either edition of the work will be sent to any part of the United States, free of postage, on remitting the price of the edition they may wish, to the publishers, in a letter.

Published and for Sale at the Publishing Establishment of

MRS. WINSLOW

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP!

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and

IS SURE TO REGULATE THE BOWELS.

Depend upon it mothers, it will give rest to yourselves and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say in confidence and truth of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues.—We speak in this matter WHAT WE DO KNOW, after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE UTTER. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with never-failing success in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS AND WIND CHOLIC,

and overcome convulsions, which if not speedily remedied end in death. We believe it the best and surest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has an child suffering from any of the foregoing complaints—dismiss at once all prejudices of others, and give your suffering child the benefit of this medicine, if these prejudices stand between you and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.

THE ⅓ PERKINS, the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.
