A woman bandit used tear gas in an attempt to rob an Oklahoma bank. The same old feminine formula—tears for money.

The mill should not be judged by the speed at which it travels, but by the grist which it grinds. Speed is only valuable when it means progress.

It was in the days before women went to the polls and the ardent advocate of woman suffrage was arguing with the weary looking married woman. Wouldn't you enjoy casting your vote with your husband?" TWENTY DOLLAR BILL TRICK

Two short-change experts visited a Fergus store recently and worked the old game of changing a $20 bill with variations. As a result, they made $10 profit in a few minutes. While one kept the proprietor busy pretending he wanted to buy something, the other proferred a $20 bill in payment for a small purchase. He received his change and kept that money in his hand, while making another purchase and paying for it with a small bill. Then he offered to take the $20 bill back but had palmed the $10 in the meatime. The theft was soon discovered but the men had fled.—News-Record.

And some people are so 'quick on the draw' that they try to cheque money out of their bank account befor they've put it in.

The melancholy days have come, the days that try the soul; too cold to sit around the house, too warm to squander coal.—Kincardine News

Thanks a Million

We are glad to announce that our butter production for the year 1943 has been very satisfactory. For this we thank our patrons for their co-operative effort.

May we ask that even greater effort be put forth in 1944 — the country needs it. It will also pay you well. The Government bonus is now 10 cents per lb. butter fat.

There is still a big demand for both live and dressed poultry.

The Creamery will be closed Saturday evenings until further notice.
