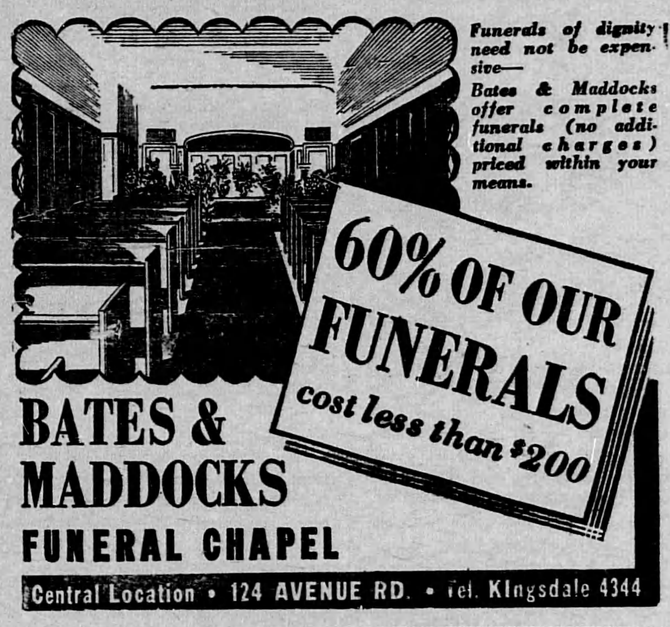
Honor Mrs. Ted Fawcett On Moving To Wodehouse

A pleasant evening was spent last week at the home of Mrs. Alexander in honor of Mrs. Ted Fawcett, who was leaving for her new home at Wodehouse. Mrs. C. McKechnie read the address and Mrs. N. Stoddart presented her with a beautiful linen table cloth and tea towels. Mrs. Fawcett thanked the friends for their kindness and invited all to come and see her in her new home.

It is usually the case that the person who yields to the itch to write has a tough time scratching out a living.



Business Change

Another business change is taking place in Flesherton this Wednesday evening, when Mr. Wm. Turney of town is taking over the operation of the B-A Service Station and restaurant from Harold Best, who is in the R.C.A.F. and unable to continue its operation. Mr. Best has overated the station for the past six years. Mr. Turney has been in the Army for the past three years and we understand is receiving his discharge this week. He has been at his home for the past three weeks on leave of absence.

Has 95th Birthday

Our congratulations are extended to Mr. Donad McMilian, Artemesia's grand old man, who is observing his 95th birthday Wednesday of this week. We are gad to know that Mr. McMillan is enjoying good health and takes great interest in world events and is out every day around his farm on the South Line.

Additional Local Items

Mr and Mrs. A. E. Goessel spent last Friday at Kincardine.

Mr. and Mrs. R. B. Heard were in Toronto on Saturday.

Mr. and Mrs. Donald Helson of Toronto spent the week end with the latter's parents, Mr. and Mrs. L. McCracken.

Pupil Attacks Teacher

Miss Bernice Allen, aged 23, teacher in Feversham public school, is in the Collingwood Hospital in a serious condition, due to a beating she received at the hands of a 14-year-old boy, one of her pupils. Miss Allen suffered a fractured lower jaw, a broken nose, two large gashes on her face and a gash on the back of her head. It is expected she will be a patient in the hospital for at least six weeks. Her condition has not allowed police to question her as to her version of the assault. The boy has been taken to Owen Sound jail and is charged with assault occasioning bodily harm.

The assault is stated to have occurred at 4.30 p.m. on Friday as Miss Allen, whose home is near Glen Huron, left the school. The other pupils had gone home and there were no eye-witnesses. Police do not know what weapon was used in the assault, but it is surmised that it was a stone. Apparently he became stricken by remorse at what he had done, for he assisted her to a nearby store to receive aid. Police have been unable to find out the reason for the boy's action. Mrs. Roszell Conn has assumed the teaching duties in the Feversham school.

Card of Thanks

The family of the late Mrs. Christena Radley wish to express their sincere thanks to the many friends and neighbors for their visits, flowers and kind inquiries, also for the thoughtfulness shown at the time of the death of their dear mother.

Society Makes Plans To Beautify Village

A joint meeting of the directors, the Premium and Project Committees was held Monday evening at the home of Mr. and Mrs. F. Keys.

The main purpose of the meeting was to plan for the expenditure of $25 granted by the Village Council, together with $15 already set aside, for the beautifying of the town. A report was given by Mr. F. Thurston who, with Mr. Keys, had been appointed to approach the Council regarding co-operation. Two members of the village Council, Messrs. John Brackenbury and Alex. Henderson, were present and expressed their approval of the donation and their readiness to co-operate in the work contemplated. The consensus of opinion of the Society members present was that trees should be planted along some of the treeless streets, particularly those in the North quarter of the village. The "oval" too, was mentioned and in all probability that unique spot in the centre of the town, so conspicuous to tourists and others passing through, will receive some appropriate horticultural renovation.

In view of the plans for future work, particularly the holding of regular public meetings, it was necessary to secure a hall which would not entail too great an expense, as the finances of the Society are somewhat straitened at the present time. It was decided to approach the High School Board to see whether the auditorium could be engaged.

An interesting report by the president, Mr. F. B. Keys, delegate to the annual meeting of the Ontario Horticultural Association, was submitted. The general work, aims and varied nature of the work done by the Provincial body, with specific aids to local societies, was reviewed. This report, which should prove of considerable general interest, will be more fully dealt with in our next issue.

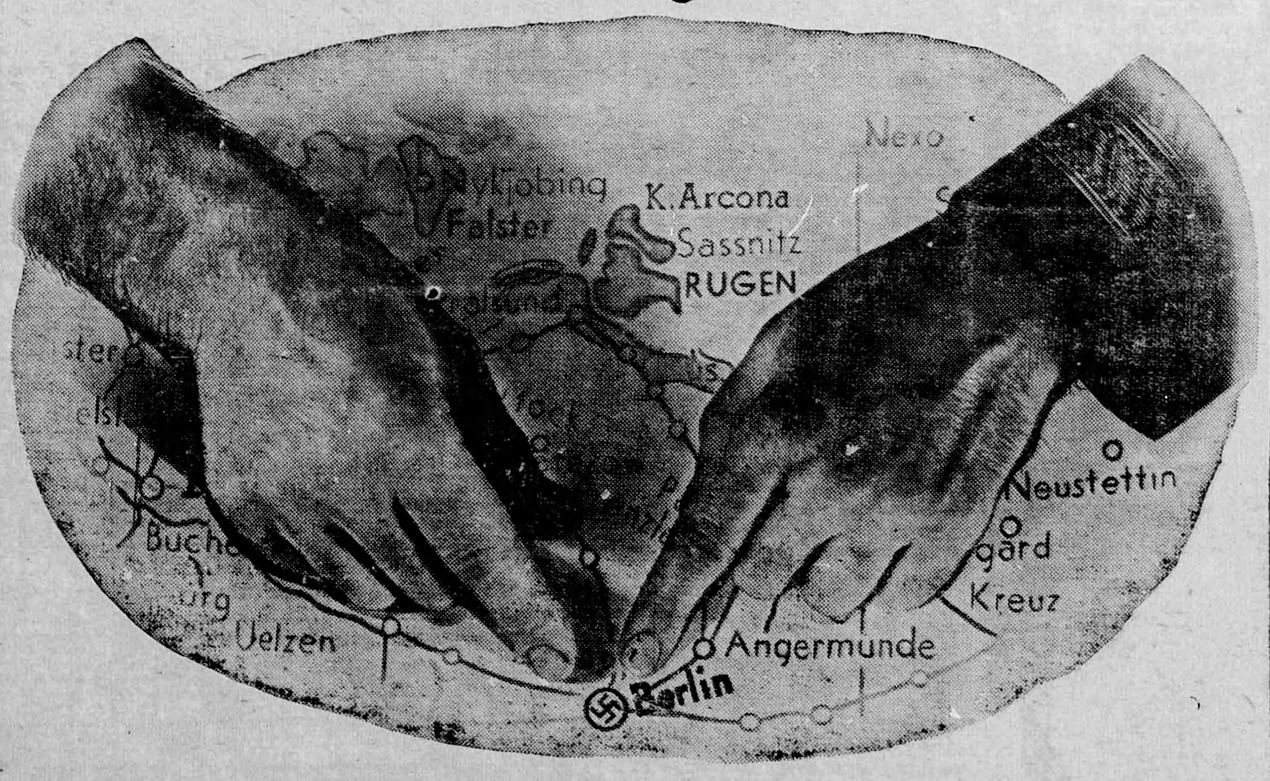
First Objective



IN these decisive months all Canada's effort is concentrated on one great objective—the attack that is to destroy the Nazi menace and all that it represents. Years of work have gone into its preparation. The best of our young men are staking their lives on its success.

We in Canada must support and strengthen this attack with all our effort. This one purpose must command our work, our minds and our hearts.

We must not permit any scramble for private gain or individual selfish ends, to distract us from our main task. If we concentrate on seeking, individually or jointly, higher prices, higher pay or higher profits, we shall be diverting our attention from the main task at this critical time. We shall also endanger the stability of prices which we in Canada have achieved after great difficulties—a stability that is essential to efficiency and fairness in war, and to peacetime prosperity afterward.

Our young men are fighting for a Canada and a world in which all men can have faith, hope and security. Each of them wants to come back to a job—or a farm—with a future. We at home must keep secure for them a strong and stable foundation on which alone a post-war period of promise and achievement can be built.

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing further increases in the cost of living now and deflation later.
