DAILY MIRROR OF PARLIAMENT.

THE Undersigned have decided on issuing a DAILY SHEET of Eight, Twelve, or Sixteen pages, 8vo. medium (in the same form as the Canadian Agriculturist) (new series), which will contain a careful report of the Debates in the Two Houses of the Provincial Parliament, prepared expressly for this work by a Full Staff of SHORT-HAND REPORTERS.

The whole series may be bound up in one or more volumes at the end of the Session, and will answer all the purposes of a

Canadian Hansard.

As the publishers will possess facilities for the execution of this work, which will enable them to issue it earlier than the ordinary newspaper reports, and are resolved to make it a perfectly fair and truthful record of the Debates in Parliament, they anticipate a large circulation, and to prevent disappointment would invite early orders.

The price will be 2d a number, or 1s 6d per dozen. News Agents will be charged $2 per hundred. No order will be attended to unless accompanied by Cash, nor will any larger edition be printed than is actually ordered in advance.

☞ **Special Notice to Agents.** ☜

G. G. EVANS, having purchased the stereotype plates, copyrights, etc., of the "Prince of the House of David," "Pillar of Fire," etc., would call the attention of Agents to these truly valuable Works.

The "PRINCE OF THE HOUSE OF DAVID" is one of the most popular and best selling books ever published. Over 150,000 copies have been sold, and it bids fair to outrival the "Pilgrim's Progress," or any other similar work.

The "PILLAR OF FIRE," by the same author, is now meeting with a rapid sale, over 90,000 copies have been sold since its publication, and as a companion to the "Prince of the House of David," every reader of that book should purchase a copy.

"THE RECORDS OF THE REVOLUTIONARY WAR," is a book of great interest, and gives a vast amount of information relative to the Soldiers of the Revolution, and is an invaluable book of reference for the descendants of its heroes and all who are interested in Pension Claims, Land Warrants, etc., etc.

The most liberal inducements are offered to Agents, and upon addressing the publisher, every information will be given.

STEREOSCOPIC EMPORIUM.
E. ANTHONY, 308 BROADWAY, NEW-YORK
After May 1st, 1860, at 501 Broadway, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, entertaining, amusing, and exciting of modern inventions.

None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and beauty.

No home is complete without it, and it must and will penetrate everywhere.

It presents to your view every part of the world, in all the relief, boldness, perspective, and sharpness of detail, as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the results of their skill are constantly enriching our stock.

We have an immense variety of paper Views of Scenes in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Tuilleries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical, amusing, marriage scenes, breakfast scenes picnics, statuary, &c., &c. An exquisite assortment of Illuminated Interiors of Palaces, Churches, and Cathedrals of France, Italy, &c., &c. The effect of these illuminated views is most remarkable.

Every gentleman of wealth and refined taste should have in his drawing-room some of our exquisite views on glass, with a revolving stereoscope, showing 12, 25, 50 or 100 scenes. Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the fortieth part of a second, and everything, no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic Illustrations of the Scene of the Fulton Street Prayer Meetings, in which many hearts feel an interest. The particulars of this will be found in our catalogue.

Our Catalogue of Subjects and prices will be forwarded to any address on receipt of a stamp.

Parties at a distance sending us $3, $5, $10, $15, $20, or $25 can have a good instrument and such pictures as they may request, sent by Express.

Views alone (without instrument) can be sent by mail.

Parties who wish to be advised of everything really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of leisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amateurs with everything necessary for their success, together with instructions "How to take Stereoscopic Pictures."

E. ANTHONY,
Importer and Manufacturer of Photographic Materials, Stereoscopes and Stereoscopic Views.

☞ Merchants from every section of the country are respectfully invited to make an examination of our stock, as our discount to the trade will be liberal.

TO PHOTOGRAPHERS.—First-class stereoscopic Negatives wanted.

Sent by mail a print unmounted, with price of Negative.

BRONCHITIS.
The following testimonial from Rev. E. B. Ryckman, Montreal, gives evidence of the efficacy of Brown's BRONCHIAL TROCHES, or Cough Lozenges:—
Montreal, Oct. 24th, 1859.
Mr. S. J. Lyman, Place d'Armes.
Dear Sir:—I am very happy to inform you of the benefit I have received from the use of 'Brown's Bronchial Troches.' Two or three times I have been attacked by Bronchitis, or some such trouble of the Throat, in such a way as to make me greatly fear, that with the very best of general health, and after only three years' labor in the ministry, I would be compelled ere long to desist from ministerial labor through disorder of the throat and voice. But a moderate use of the 'Troches' has driven all my fears away, and I now find myself able to preach nightly, for weeks together, without the slightest inconvenience. I have had the pleasure of recommending them to others, and know that they have been used with similar happy results.
Yours gratefully,
E. B. RYCKMAN, A. B.
Wesleyan Minister, Montreal.
'When we first recommended the Troches to Mr. Ryckman, he was contemplating removal from town on account of his health. The Troches are among the very limited number of Patent remedies we ever recommend.'

This Branch was only opened last January, and now has an income of
$75,000!
Which is retained in this country.
The increase of business in England is unprecedented, as shown by the Parliamentary returns, and the following taken from the last September Report:
'It will thus be seen that the total amount of business done during the last nine months of the Company's operations has been TWENTY-TWO THOUSAND NINE HUNDRED AND ONE NEW POLICIES, producing an additional annual income of
$150,000
Representing Property Insured to the extent of
THIRTY MILLION DOLLARS!
The Report further says, that 'the Directors congratulate the Shareholders on this satisfactory increase in the business of the Company, and they have every reason to believe that from the connection now formed it will continue to increase in the same ratio.
The Capital of the Company is devoted entirely to Fire Liabilities, having no reserve for a Life Branch.
All losses in Canada are submitted to the gentlemen composing the Board who examine the particulars, and if found satisfactory at once order the payment of the claim. This system has called forth numerous cards of thanks.

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the real of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must revivify the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,
the most efficacious remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC,
are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility, is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numer
