Russell Family Moves From Wareham To Rock Mills

Had someone fortold in 1939 that the next five years would bring as many vacancies in our ranks at Wareham as have been occasioned through the removal of those on whose services in the church and the community we so greatly relied, we would have felt that it would not be possible for the remnant left to carry on. Yet, to-day, we find ourselves struggling on, each under a little heavier burden than before.

The most recent break in our ranks came last week, with the removal of another family whom we have considered indispensable—Mr. and Mrs. Wm. Russell and daughter, Elva. On the eve of their departure to their new home near Rock Mills, a large assembly of friends gathered to spend one more social evening with them in their old home. A few pleasant hours were spent in dancing and neighbourly chat, after which Miss Emma Oliver read an address signed, on behalf of their many friends, by Fred Weatherall, Arnott Menzies and Jack Arnott, expressing our appreciation of their friendship and cheerful services.

Mr. and Mrs. Russell were presented with a handsome electric reading lamp and a purse of money, and to Miss Elva was given a boudoir lamp. Each replied in fitting manner.

Year in and year out, in a quiet unobtrusive way, the Russells have played a very important part in the life of this community, and it is with sincere regret we part with them, yet with every good wish that the richest blessings may be theirs in their new home. — Wareham Corr. of Dundalk Herald.

According to the Canadian Postal Corps, the best way to determine if your overseas parcel 'can take it,' is to stand on it. If it won't bear the weight of the average person, it can't be expected to withstand the weight of several thousand bulging mail bags.

We were impressed by the answer a farmer gave to a man who asked him what time he went to work in the morning. "I don't go to work," he said; "when I get up I'm surrounded by work."
