Wm. J. Newell Passes

(By Rock Mills Reporter)

There passed away at his home on the Valley Road, one mile east of Flesherton, early Sunday morning, William Newell in his 59th year.

Deceased contracted influenza about a month ago and had not fully recovered when this was followed by jaundice. He was able to be up and around Friday, when weakness forced him to bed, and it was not until then that his condition was considered serious. News of his death came as a distinct shock to his many friends and relatives.

The late Mr. Newell was born in Bentinck Township, 2½ miles east of Durham on Sept. 5th, 1885. He was the second eldest son of the late George Newell and Margaret Stewart. He left home when a very young man and went to Port Arthur, where he worked for a time at his trade as carpenter, later going to Alberta, where he took up a homestead and successfully formed for eleven years. He disposed of his farm in 1918 and came east to purchase the grist mill from the late R. Loucks in 1921 where he operated for the past 23 years. In religion he was Presbyterian. He was a member of the Durham Masonic Lodge.

The late Mr. Newell was united in marriage on Nov. 29th, 1922 to Annie Rosella Betts of Artemesia Township, who is left to mourn the loss of a kind and thoughtful husband, together with their three children, one son and two daughters, Florence, (Mrs. Earl Hill) of Artemesia, Marjorie and Ted at home. Deceased is also surrounded by four borthers, Jack, George and Louis of Durham and three sisters, Jennie, (Mrs. Allan McKinnon) of Port Arthur, Christena, (Mrs. Thos. Whitmore) and Margaret, (Mrs. N. Whitmore) both of Durham.

Mr. Newell will be greatly missed in this neighborhood as he was a kind and obliging neighbor and ever ready to help others.

The funeral is taking place Tuesday afternoon to Flesherton, the remains will be placed in the Cemetery Chapel.

multiply by millions!

You've often watched the teller stamp your cheque. Every day, in every branch of every bank in Canada, cheques are being scrutinized, stamped and recorded. During the war years, this daily flow of cheques through your bank has swollen to a torrent. Deposit accounts are more numerous and active than ever before. This increase reflects the tremendous activity of Canadian life and business. Production, purchases and payrolls have all reached record levels.

In addition, three-quarters of a million men and women in the armed services must get their pay, and their dependents receive allowances regularly.

The handling of this wartime volume of cheques is quite apart from numerous special services which the banks have undertaken—the delivery of millions of Victory Bonds and the sale of countless War Savings Certificates; ration coupon banking; subsidy payments to producers; foreign exchange operations.

Yet all this extra work has been carried out at a time when new help has had to be trained to take the place of more than 8,500 bank workers now in uniform.
