We have been shown a document signed by the Mayors in office of the cities of the United States and Canadas, certifying to the superior excellence of Dr. Ayer's compound Extract of Sarsaparilla and to the value of his remedies as articles of great public utility. Such evidence from such high sources bears us out triumphantly in the position we have long maintained with regard to Doct. Ayer's Preparations, or more particularly our advertisements of them. No publishers need be more opposed than we are to the promulgation of quackery in any shape, but we knew when we began that his remedies were above any suspicion of deception—that they were about the best it is possible to produce for the cure of disease, and that they have the confidence of all communities where they are known. Not alone because the Mayors of the whole country believe them useful to their people, but as we know from experience that they are so to ours, do we believe we are rendering a substantial service to our readers in making their virtues known to them?—[Courier, Princetown, Ky. 130

BARRY'S TRICOPHEROUS is the best and cheapest article for dressing, beautifying, cleansing, curling, preserving and restoring the hair. Ladies, try it. Sold by all Druggists & Perfumers. 6ms-d-62

WHITE'S

Patented Insulated Metallic Soles,

BEING an improvement in the manufacture of BOOTS and SHOES, which will prevent damp or heat from penetrating to the feet or the Electricity of the body to the earth. These Boots and Shoes preserve their original form, prevent corns, chilblains and otherwise sore feet, and are much easier to the wearer and much more durable than any others.

PATENTED 14th MARCH, 1860,
BY
GEO. WILLIAM WHITE,
MONTREAL.

Among the giant strides that have been made in Arts and Manufactures during the past century, no branch has, strange to say, been perhaps more neglected or overlooked than that of the Manufacture of this article, yet in no manner can the public comfort, health and economy, be more surely obtained than by due attention to a proper covering for the feet. The question arises: Is leather more impenetrable to damp, or are Boots and Shoes more durable than they were a century past? Facts are stubborn things, and one elicited will in answer to this enquiry reply, No. No improvement has been made except in obtaining a fine exterior, and this leads to the conclusion that leather cannot be made impervious to damp or more durable than it has been, and is not as a whole good for the Manufacture of Boots and Shoes; again, as is admitted, the human body contains a surplus of positive electricity which the general negative state of the earth tends unduly to diminish, hence the propriety of wearing some insulating substance between the feet and the ground, thereby further avoiding the disagreeable, and in this country, most dangerous and unhealthy effects of damp feet.

Self-preservation being one of the first laws of nature, let the Shoe wearers save their money and their health. Wear White's Patent Boots and Shoes, which will diminish Shoemaker's bills and prevent Doctor's bills. It is the great improvement of the age. Specimens can be seen at the Ottawa House, Kingston. Orders will be promptly supplied.

The invention adds little to the expense of Manufacture—while its advantages are so great as must at once command universal adoption.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD,

And for the speedy cure of the subjoined varieties of Disease:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Indy 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it broke out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was persuaded to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I know from your reputation that any thing you made must be good. I sent to Cincinnati, got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of *Malignant Erysipelas* by large doses of the same; says he cures the common *Ringbone* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative for the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Harrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remained."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, C. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Gotchell, of St. Louis, writes: "I have been afflicted for years with an affection of *the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Rapp, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by its alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the medical profession of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the efficacy of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

NORTHROP & LYMAN,
