Dear Madam Librarian.

I am writing a series of articles on the early post offices of various districts in Ontario for BNA Topics, the monthly magazine of the British North America Philatelic Society. From one of these I have excerpted material pertaining to the early post offices of Anabel and Keppel, the two townships Wiarton borders, and written an article, which I am sending here for your files, so that people who are interested in the subject can look it up at your library. Perhaps you will want to type it over, to make it more easily readable. I hope it is of some use to you and interested people.
