A Bird's Eye View.—Could we be raised for an instant to some lofty pinnacle where at a glance we could behold all the suffering of earth, how should we wonder at the number of victims claimed by disease, and how would our hearts bleed to see them writhing in agony from the pains of Scrofula, and Erysipelas, Canker and Salt-Rheum, Sores and Ulcers, Rheumatism, Neuralgia or other causes. But this scene is no less true because unseen by us, and no one will deny its existence. For the benefit of such we publish abroad 'Kennedy's Medical Discovery,' knowing it to be a certain and speedy remedy in all cases where it is recommended by its Proprietor.

PROF. WOOD'S HAIR RESTORATIVE.—This Restorative for making the hair grow, stopping its falling out, and restoring gray hair to its original color, is becoming celebrated. All the quack nostrums are giving way before it. Three fourths of the mixtures for restoring and beautifying the hair, do it more injury than good. They burn it up—destroy the life of its roots—make the hair fall off, and produce premature baldness. But Prof. Wood's Restorative may be relied upon as containing nothing which can in any manner be injurious to the hair, while its success in accomplishing what it pretends to do has been verified in hundreds of cases. We advise grey heads, and heads getting bald—all who wish to save their wool or obtain new stock, to get a bottle of Wood's Restorative.—N. Y. Democrat.

WHITE'S
Patented Insulated Metallic Soles,

BEING an improvement in the manufacture of BOOTS and SHOES, which will prevent damp or heat from penetrating to the feet or the Electricity of the body to the earth. These Boots and Shoes preserve their original form, prevent corns, chilblains and otherwise sore feet, and are much easier to the wearer and much more durable than any others.

PATENTED 14th MARCH, 1860,

BY

GEO. WILLIAM WHITE,
MONTREAL.

Among the giant strides that have been made in Arts and Manufactures during the past century, no branch has, strange to say, been perhaps more neglected or overlooked than that of the Manufacture of this article, yet in no manner can the public comfort, health and economy, be more surely obtained than by due attention to a proper covering for the feet. The question arises: Is leather more impenetrable to damp, or are Boots and Shoes more durable than they were a century past? Facts are stubborn things, and one elicited will in answer to this enquiry reply, No. No improvement has been made except in obtaining a fine exterior, and this leads to the conclusion that leather cannot be made impervious to damp or more durable than it has been, and is not as a whole good for the Manufacture of Boots and Shoes; again, as is admitted, the human body contains a surplus of positive electricity which the general negative state of the earth tends unduly to diminish, hence the propriety of wearing some insulating substance between the feet and the ground, thereby further avoiding the disagreeable, and in this country, most dangerous and unhealthy effects of damp feet.

Self-preservation being one of the first laws of nature, let the Shoe wearers save their money and their health. Wear White's Patent Boots and Shoes, which will diminish Shoemaker's bills and prevent Doctor's bills. It is the great improvement of the age. Specimens can be seen at the Ottawa House, Kingston. Orders will be promptly supplied.

The invention adds little to the expense of Manufacture—while its advantages are so great as must at once command universal adoption.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some ill of sickness is creeping upon you, and should be arrested by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Causes by similar obstructions and derangements of the natural functions of the body, they are speedily, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of S. Louis, Mo. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Zapf, Baltimore.

DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Pertussis, Or, May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PRESBLE, *Clerk of Steamer Chariton.*

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhœa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

Costiveness, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Staples, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Hunt, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural services when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKY HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 8 Dec. 1853.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SIGLEER.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.
