It is estimated that sawflies were responsible for the destruction of more than 10 million bushels of wheat in the Prairie Provinces during the 1943-44 crop year.

The experienced old copyreader on the newspaper couldn't believe the reporter's story on the theft of 2,025 pigs.

"That's a lot of pigs," he growled and called the farmer to check the copy.

"Was it 2,025 pigs that were stolen?" he asked.

"Yeth", came the farmer's lisping reply.

"Thanks said the copyreader and corrected the copy to "two sows and 25 pigs."

Former Markdale Lawyer Wins Croix de Guerre

The following item is clipped from the Markdale Standard, which has also kindly loaned the cut of this decorated soldier, who conducted the W. E. Harris law practice in Flesherton prior to his enlistment:

The Croix de Guerre with gold star, the highest award in the French army, has been awarded to Major J. Arkle Dunlop who resided here, being a member of the law firm of Major W. E. Harris before enlisting in 1942. Writing to friends here, Arkle has this to say of his award, "I guess I should be proud of it but I didn't come over here for any medal except the Victory medal and I aim to get that one too."

Attached to the Lincoln and Welland Regiment ever since going over seas in July, 1943. Major Dunlop has been in the thick of the fighting in the drive into Holland and Germany since D-Day. Twice wounded in that time. He received his first in France when he was awarded the medal and again n Holland shortly after he got back into action. He has seen action at the battles of Caen, Antwerp Scheldt Estuary and Cleaves in Germany.

The Lincoln and Welland Regiment when Dunlop is with along with the Argyle and Sutherland Highlanders has been one of the chief Canadian regiments active in the front line in recent months. "Prisoners are plentiful—loot is bountiful and morale is 105%," relates this soldier in a recent letter wherein he describes his army life of the past weeks. "We have run across some civilian snipers, both male and female, though seldom have they actually killed anyone." At time of writing they must have foreseen the end of the war when he says, "the Jerry season is almost over; they're getting extinct and the Department of Game and Fisheries is going to have to step in or there won't be any left for the next war."

This young officer is a member of the local Rotary Club who, with many friends in Markdale, will be proud of his achievement.
