The proof of the pudding is in the eating. The proof that Goodyear tires are the world's first choice lies in the fact that "More People Ride on Goodyear Tires Than on Any Other Kind".

MAXWELL

The Women's Institute held their meeting last week in honor of the Grandmothers at the home of Mrs. Wm. Meredith when about 15 grandmothers were present. The afternoon was spent in a very social way, a short program of songs, readings and the minuette was danced by two of the members of the W.I. A prize was given for the oldest grandmother, which was won by Mrs. M. Guy and a prize for the youngest grandmother won by Mrs. Wm. Seeley and a prize for the most grandchildren, which was won by Mrs. Geo. Young. Mrs. Meredith composed a welcome song, which was sung by some of the members, which goes to the tune of "Marching Through Georgia",

Hello, all the grandmothers, who are assembled now
We will entertain you and in respect we bow.
We hope you like the afternoon and when it's done you'll say
It really was a jolly time we had up there today.

Hurrah! Hurrah! for all the grandmas here
Hurrah! Hurrah! for each one is a dear.
We extend a hand and say a welcome waits here
From The Maxwell Women's Institute.

A bounteous lunch was served at the close, a grandmothers cake made by the Flesherton bakery was a treat to all who were there to enjoy it.

THE DICE ARE LOADED AGAINST YOU

Canadians are lucky. So far we've prevented inflation and avoided deflation.

It's not been just good luck.

Your support—everybody's support—of price ceilings, rationing and other controls alone has made it possible.

BUT NOW COMES THE REAL TESTING TIME.

The danger of inflation and its black shadow, deflation, will last as long as goods are scarce and insufficient to meet demands.

With the war over and plenty of money in our pockets it's easy to overlook the danger.

It's easy to think that paying just a little more to get something we want is unimportant now.

It's easy to think that what *you* do can't hurt—and to forget that careless, extravagant buying is a sure way to help a general rise in prices.

That's how inflation gets going.

BUT INFLATION IS ALWAYS FOLLOWED BY DEFLATION.

And deflation brings cancelled orders, bankrupt businesses, mortgage foreclosures, unemployment and distress—distress you can't avoid.

Until industry gets back to normal, price ceilings, rationing and other controls are our safeguard.

SO— **Keep on watching your buying. Don't rush to buy scarce goods.**
Keep on saving your money. Put it into Victory bonds and War Savings certificates.
Keep on supporting wage and price controls, and rationing.
Keep on fighting inflation and its black shadow . . . deflation.

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation and unemployment later.
