Ceylon Soldiers Return To The Homeland

(By Ceylon Reporter)

The many friends of Mr. and Mrs. A. S. Muir of Ceylon vicinity, are happy with them this Monday morning, as they have received the glad news that their only son, Piper Grant Muir is returniny home and will be in Toronto to-day, where he will be met by his parents and other relatives. Piper Muir arrived at Halifax on the Amsterdam, over the week end. He and his friend Allan Cameron, formerly of Priceille signed up together with the 48th Highlanders and their training was spent together. It is over a year and a half since the boys went overseas. Piper Cameron spent part of his time in Italy with the forces there. Piper Muir was transferred to the Nova Scotia Highlanders and saw service in France, Holland and Germany and has spoken in his letters of the kindness of the Dutch people to the Allied soldiers. The Nova Scotia Highlanders took part in a parade after Dieppe, while there were many sad duties, one of the bright spots was the Nova Scotia Highlanders playing for a Dutch wedding last New Year's Day, so Grant will be able to give us first hand, the version of a Dutch wedding. Piper Muir was transferred back to the 4t8h Highlanders, and Piper Cameron and he returned together to their home land.

Mrs. Elsie Cameron, Durham, went to Toronto to meet her son, Allan. What a surprise for the boys!

Mr. Fred Chislett of Ceylon received the glad news on Monday, that his son, Claude, had arrived from overseas and shortly after receiving the message, motored to Fergus to meet his son. Claude was formerly of Kitchener and has been overseas about five years. He was with an orchestra, that entertained troops while on leave. While overseas, he married a Scotch lassie, who will be coming to Canada shortly. Claude is a nephew of Mrs. Anna McMillan.

Send In Your Clothes For Europe's Destitute

" The lot of the children of Holland, once the best cared for in Europe, is appalling," writes an on-the-scene war correspondent. "Their lack of clothing is tragic and now only the lucky ones possess the traditonal wooden shoes. The others, during the winter, bundled their feet in old rags or waste. In other war-ravaged nations, a majority are no better off as regards foot gear. That is why contributions of serviceable used shoes to the National Clothing Collection for overseas relief is so important.

Only the durable type of shoes, with low or medium heels, are desired. Every pair should be mated and firmly tied together, when delivered to the collector or left at the receiving depot.

Canada is the one current source of such supplies, not only for the Greeks but for the peoples of other war-devastated countries. Contributions of such materials from among the dicarded things in Canadian homes now are being assembled by the National Clothing Collection, to meet these desparate needs. All Canadians should contribute their used, but still serviceable, apparel and blankets if they can do so without need of replacement.

Pigs Took 4 Days Arriving

Mr. John Meads of the O.D.R. had a strange increase in his porker population recently that is something for the books. Mr. Meads was indeed surprised, but is pleased to report that most of the family are alive and squealing.

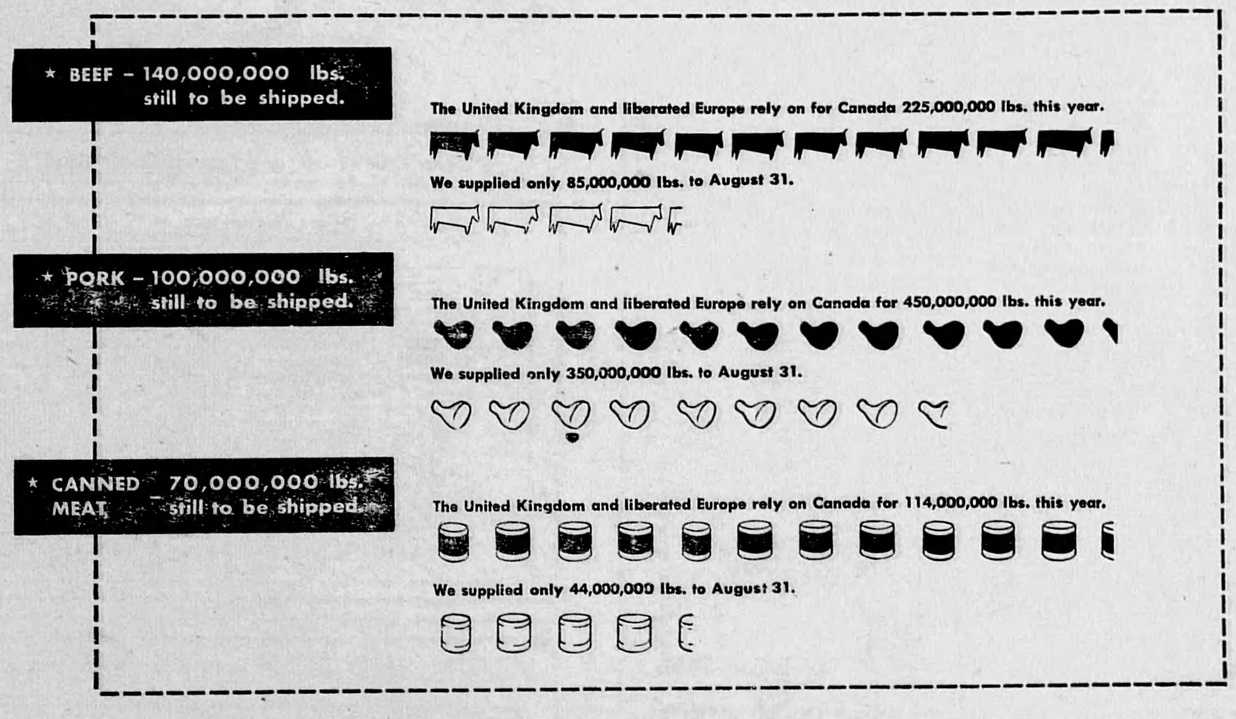
THE CHALLENGE OF AN EMPTY PLATE*



In most liberated European countries, there is a desperate shortage of meat.

As a great food-producing nation, Canada must, can — and will — help to meet the emergency.

The job will not be finished at the year's end. Food scarcities in Europe will continue until the next harvest.

★ ★ ★

This year, Europe is relying on Canada for a *minimum* of 789 million pounds of beef, pork and canned meat.

Up to the end of August, only 479 million pounds had been sent.

How soon can we bridge the gap?

Livestock marketings are normally at their heaviest in the last four months of the year.

If we are to help feed the hungry peoples of devastated Europe, this is the time to make our greatest effort.

★ ★ ★

To do our part, we must reduce our own consumption of meat and also assure that everyone in Canada gets a fair share.

That is why rationing is necessary.

MEAT RATIONING ADDS TO EVERYONE'S WORK

The producer who slaughters, the retailer who sells, the consumer who buys and eats—they all play a vital part.

AS A CONSUMER, HERE IS HOW *YOU* CAN CO-OPERATE

1. Try to plan your meat purchases before leaving home by determining what cuts you intend to buy and their approximate weights.
2. Make sure you have enough valid coupons and tokens to cover your proposed purchases by referring to the Consumer Coupon Value Chart and the Coupon and Token Calculator. Copies may be obtained from your Local Ration Board or Ration Branch.
3. Know the dates your "M" coupons become valid.
4. Do not buy more meat than you really need.
5. Avoid shopping at rush hours.
6. Be patient. Remember — your butcher may have inexperienced help.
