Ceylon Soldier Honored As Parents Married 25 Years

(By Ceylon Reporter)

Last Friday evening, the many friends of Mr. and Mrs. A. S. Muir and their son, Piper Grant Muir assembled at their home.

Mr. J. A. Nichol, in a few well chosen words, welcomed Piper Grant Muir back home after service overseas. Mr. Joe Stauble presented Piper Muir with a sum of money on behalf of Ceylon and vicinity. Grant expressed his appreciation for the kindness of the folks here, and while he was in strange lands.

The 25th Wedding Anniversary of Mr. and Mrs. A. S. Muir was fittingly remembered by their neighbors and friends by presenting them with a lovely coffee percolator and a reversible blanket. Mr. Muir gave a very appropriate reply of thanks.

The best wishes of this community go to these highly esteemed residents.

In Memoriam

FISHER — In loving memory of Pte. Everette J. Fisher, who was killed in action at Schoondjke, Holland, on October 22nd, 1944.

You died for a cause you knew was right
You did not hesitate,
You fought a brave, and valiant fight,
Your deeds, we still relate,
For with a courage unsurpassed
You gave yeur life that peace might last.

You gave your all, you did your best
To try and end all wars,
And there you found eternal rest
Upon far distant shores.
To you we say, with lowered head,
"Sleep on in Peace. O Glorious dead."

— Ever remembered by Father, Mother, Brother and Sister.

9th Victory Loan Campaign Starts Next Week

$50,000 for Flesherton, $125,000 for Artemesia, $120,000 for Euphrasia, $90,000 for Osprey, $65,000 for Glenelg is a lot of money. The national objective, $1,500,000,000 is even more money. Every cent of it will be needed. It will be needed for war.

How can that be, you ask, with the war over, with Canadian prisoners in Japan and Germany released, with soldiers, sailors and airmen coming home?

Nine hundred million dollars of the Loan quota will be needed to care for these home-coming heroes. There will be many among them who will require hospital treatment. Canada must provide this treatment. There will be gratuities to pay. Canada owes this money to the men who fought for her. There will be the cost of rehabilitation, the cost of finding these men homes and jobs, of fitting them to start on their life-work in a Canada at peace. Here is a debt which must be paid. The man who, having loaned his money during the war, now refuses to buy a bond is saying, effect, that he would lend his money when his own skin was in danger but will not pay the debt he owes to the men who saved him, once he himself is freed from the danger of enslavement.

Another $900,000,000 will be needed to guarantee future peace. This is the cost of Canada's occupation force in Europe, the men who, having conquered the forces of evil, will make sure that never again will the peace of the world be endangered by the Nazi. Nine hundred million is a cheap premium to pay on an insurance policy guaranteeing children yet unborn against terror from the skies, against separation from their fathers, against cold steel and searing atoms.

Still another Nine Hundred Million is needed to finance Canada's export trade, until such a time as the nations of the world are financially able to resume normal trade practices. This is an insurance policy against war at home, against, the dread of jobless days, the sting of want, the hopelessness of bread lines. Without her export trade, Canada's economy would be shaken to its root.

And so it goes. All the money that the Ninth Loan will raise, and more, all the money, too, that taxes will provide, will be needed. This Ninth Loan is the real Victory Loan, but it is still a war loan. The money loaned will meet the costs of war, not the costs of guns and tanks and planes, but the costs of a smooth return through the immediate post-war days to the normal practices of a world at peace. It is a cost which must be met, a payment without which all the sacrifices of six years of conflict will be of little worth. The challenge has gone out to Canada, a challenge for $1,500,000,000. The challange has gone out to Grey County for $5,200,000. The challange now goes out to Flesherton and district for $450,000. Canada will not fail, Grey will not fail, Flesherton and district must not fail.

Your Victory Loan Salesman will be calling during the next three weeks.

A single township in Ontario's Peterborough county has paid out $405 for sheep killed by dogs this year to date. That amount of money would have gone a long way in enforcing the dog law.

Bring Your Used Clothing This Week For Refugees

The collection of clothing in Flesherton for the European refugees is going ahead at a splendid pace, but the quantity received is not as great as it should be. The collection centre is at the town hall each Wednesday and Saturday, this being the last week for receiving, as the clothes have to be baled for shipment. The people in the country are urged to bring their old clothes that are in good condition. The elderly people in the village who are unable to take their used clothing to the town hall can have them called for by phoning 34 and they will be picked up on Saturday afternoon.

Mr. and Mrs. C. Lougheed Observe Silver Wedding

(By Portlaw Reporter)

On Sunday afternoon, October 14, the home of Mr. and Mrs. Chris Lougheed was the scene of a very pleasant event, when the members of their family and grandchildren, together with a few other relatives and friends and a brother, Pte. Wildon Lougheed, who has just returned from overseas after serving in Sicily, Italy and Holland with the First Canadian Corps, met to celebrate with them, their 25th wedding anniversary.

A very enjoyable time was spent during the day and at 12.30 noon a fowl dinner was served to thirty-five guests by Misses Ruth Phillips and Isabelle Croft, assisted by the three daughters, Margaret, Janet and Anna. A three-tiered wedding cake looked pretty on a silver cake basket and was cut by the bride of twenty-five years.

A well worded address was read by their daughter, Janet, and the presentation of a lovely set of dsihes was made to Mrs. Lougheed, and a silver shaving mug to Mr. Lougheed, from the family and presented on their behalf by Margaret (Mrs. Bert Hawton), their eldest daughter. Many other gifts, including pyrex ware, silverware, etc. by friends. Mr. Lougheed, in his jovial manner, made a suitable reply on behalf of Mrs. Lougheed and himself, concluding in saying how proud he was of his sons and daughters, who had given them such a surprise on their Silver Wedding Anniversary.

Mr. and Mrs. John Hawton and Mr. and Mrs. Bert Hawton of Stayner, were among the friends who attended.

The Late Alex. Fisher

The funeral of the late Alexander Fisher was held on Monday afternoon, October 8th, from the Reid Funeral Home on Ooakwood Ave., Toronto. Interment was in Prospect Cemetery. Rev. C. A. Mustard conducted the service.

Death occurred on Friday morning, October 5th and came as a great shock to his family and friends, as he was at business as usual on the preceeding day. Early Friday morning he suffered a heart attack, from which he did not rally.

Son of the late Samuel Fisher and Margaret Menzies of Osprey, he was born on the 5th day of December, 1891, on the 4th Line of Artemesia, later moving with his parents to Eugenia, where he spent his childhood. About 35 years ago he became employed with the Bell Telephone Company of Toronto, and continued in their employ until his death.

He is survived by his wife, Alberta Fisher, and one son, Peter, aged five; one sister, Mary (Mrs. Alex McKechnie), of Lorne Park, William of Winnipeg, Herbert, Charlie and Laurie of Toronto.

The pallbearers were Bell Telephone associates. The many floral tributes were evidence of the high esteem in which Alex. was held by all who knew him.

Relatives from a distance were, a niece, Cloy Fisher of Winnipeg; and cousins, Tom, Robert, George and Harry Fisher of Flesherton.

Large Crowd Attended Feversham Fall Fair

Feversham Fair was blessed with good weather this year and a crowd very much larger than other years. The exhibits in the hall were very numerous, with a good display of vegetables, domestic science and ladies' work. The exhibit by the school children was of good quality. The outside show saw some real good horses on display, the cattle and sheep exhibits were splendid. The Osprey Fair has always been considered a good agricultural fair and to be congratulated as their efforts this year brought forth excellent results. The Fair has received extra support from business men in surrounding towns and the prizes have been considerably increased this year.

Canadians In Uniform

During the early part of 1939, it was a rarity to see a Canadian in Air Force blue. There were only slightly more than 3,000 of them spread across the Dominion. At that time, it was even less likely that one would see the bell-bottom trousers of the Navy. There were less than 2,000 personnel in Canada's pre-war Navy.

At least in the early post-war years, that is going to be changed. Canada's proposed postwar Air Force will be made up of three parts, regular, auxiliary, and reserve. There will be about 20,000 men in the regular force, six tmies more than before the war. And Canada's postwar Navy will have five times more men in it than her pre-war Navy.

These figures were given in the House of Commons recently when Air Minister Gibson and Navy Minister Abbott presented their estimates, since no definite decision can be reached concerning the strength and composition of Canada's postwar Air Force and Navy until the Government knows the nature and the extent of any commitments which Canada may have to accept under international agreements for the preservation of peace.

At the time of writing, the Army estimates have not been brought before the Commons, so there is no information about the size of Canada's standing Army. It will certainly be a great deal larger than heretofore, much more mechanized, and more costly to equip and maintain.

The bill for all this has not yet been presented to the Canadian people, but it is going to cause a little heart searching not to say pocket-book searching when that time comes.
