VICTORIA CORNERS

Correction please. A misprint in last week's items, which has caused some wonderment on the part of some of our readers, read as follows: Mr. and Mrs. Gordon Ward, Miss Helen Moore, Mr. and Mrs. Ted Moore, Toronto; should have read Mr. and Mrs. Gordon Ward, Miss Helen Moore and Mr. Ted Moore. So far Ted has not taken unto himself a "Mrs.".

Last Monday evening, Mr. and Mrs. Russell Linton, Peggy and Douglas attended a presentation in Owen Sound, in honour of Mrs. Linton's sister, Mrs. Edith Hall. Edith trained as a hairdresser in Collingwood, then practiced in the Hilsden Beauty Shoppe, Owen Sound. Just recently Edith has taken a home of her own and set up her own hairdressing establishment. Thus on Monday evening she was taken completely by surprise by relatives, friends and neighbors. At an opportune time a humorous address was read and Edith was made the recipient of two lovely chrome finished, beauty salon chairs. We extend our very best wishes to Edith in her new undertaking. For those who might like to perk up at the Hall Beauty Salon, we shall jot down her address, 1803 Fourth Avenue.

Mr. and Mrs. Sam Saunders, and little son, Robert, Chatsworth, were recent supper guests of Mr. and Mrs. George Moore.

Mr. John Duncan accompanied Rev. Mr. Rumball, Toronto, to Meaford on Sunday.

A double wedding ceremony of interest took place on Saturday, Nov. 17, at the Maxwell parsonage, when Miss Marjory Pedlar became the bride of Mr. Earl Talbot and Miss Elda Pedlar, the bride of Mr. Orval Russell. Our heartiest congratulations are extended to these two young couples. We regret to lose Earl from our community, but our best wishes follow him, as he and his wife make their home on the farm of Mr. and Mrs. James Pedlar, Portlaw.

Mr. and Mrs. Dave Talbot and Shirley, Hamilton, Mr. and Mrs. John Talbot and three daughters, Fort Erie, were week end guests in the W. G. Talbot home and attended the Talbot—Pedlar and Russell—Pedlar reception at the home of Mr. and Mrs. Stanley Patton, Portlaw, Saturday afternoon.

A rapid recovery to normal good health is our wish to Mr. Thurston, our Editor, following his tonsil operation.

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello, Homemakers! Home lighting by electricity makes our work easier, but we are often careless in failing to use it to the best advantage. Insufficient or improper lighting can be guarded against. Use a table lamp placed so that the light shines on the work in hand from the left side. If there is not a close enough outlet, use an extension cord. Inside frosted bulbs and whitelined shades are highly recommended. Sixty to 100 watt bulbs are suggested for tedious work when the light scource is three or four feet away. A good light will prevent unnecessary fatigue and strain from cleaning cupboards, painting, scrubbing, ironing or any household chore.

TAKE A TIP

1. Dark bulbs and dark shades absorb light.
2. Coloured lights are decorative but do not give as much light as white ones.
3. Clean lighting fixtures occasionally to obtain maximum amount of light and life of bulb.
4. Keep a few bulbs in stock for replacements.
