Former Resident Passes In Owen Sound On Monday

Mrs. Margaret Anne Stewart, a resident of this city for over 30 years, passed away in the Owen Sound General and Marine Hospital on Monday morning. Mrs. Stewart, who had been in ailing health for the past 10 yeasr, had suffered a broken hip about one week ago and had since then gradually declined. She was in her 84th year.

The late Mrs. Stewart was born on July 17th, 1862 at Flesherton, a daughter of the late Mr. and Mrs. George Best, her mother being the former Jane Duncan. She continued to live at Flesherton until four years after her marriage to Alexander Stewart on March 6th, 1883. The couple then moved to Teeswater where they resided for 20 years, before coming to Owen Sound, where they had since made their home.

Left to survive are three daughters, Helen, Olga and Margaret Alma, all at their home, 1258-3rd Ave. East; one brother, J. T. Best, Saugeen Junction. Her husband predeceased her in 1937. Two brothers and four sisters also predeceased Mrs. Stewart.

The late Mrs. Stewart was a member of Knox United Church, and when health permitted she was an active member of various church organizations. She was well known and highly respected by her many friends in this city and district. — Owen Sound Sun-Tnmes, Dec. 17.

Grey County Forum News By Elwood Lemon

On Monday evening, Dec. 3rd, 92 farm forums met to discuss whether or not we, in Grey County, suffer from a hidden hunger for vitamins and minerals. Attendance for the evening totalled 1881 for the best attendance to date of any county in Canada.

Farm Forums in Grey County have now become an institution and are definitely here to stay. They fill a definite need of each and every community. If your community has no forum it should have one and can by simply inviting a few neighbors into your home on Monday evening and sending the name and address of your secretary to the Ontario office of Farm Forum in Toronto.

Few groups throughout the county gave an outright answer to whether we suffer from deficiencies of vitamins and minerals. Anwers were: lackng in vitamin C, fairly well fed but could stand a few more vitamins, more health conscious (due to Women's Institutes).

School Lunches

Nearly 20 per cent of the children have something hot for their lunch through the use of the thermos bottle. About 20 per cent think that hot lunches are not necessary, too much trouble, etc. "Fairmount" forum wants a dietician to give a course on the preparation of school lunches.

Deficiencies in Soil and Water

Goitre, tooth decay, arthritis, and rheumatism are mentioned as being the most common diseases with tooth decay leading. "12 Con. N. Sullivan" forum says the main need of that community is dental care. "Bunnessan" forum wants the water checked up for purity.

Main Health Needs

Forums in the county feel a definite need for more doctors with Goring sending a resolution on this matter to the County Federation of Agriculture. The closest calling doctor for "Six Corner" forum is 45 miles. Other health needs are listed to their importance, dental clinics, municipal health services, soil analysis, shorter hours, school nurses, recreational facilities, and more income.

How to Build Up Good Health

Municipal health services with its program of disease prevention and control instead of waiting for the disease to strike is considered by most forums to be the way for a healthier Grey County. Fly control by the use of D.D.T., disposal of manure piles, compulsory innoculation, good meals, and recreational facilities were also mentioned in connection with the building up of good health.

Forum Quotes

"Weltz Corner" forum wants practical nursing courses for farm women. One forum wants their baker and all bakers to sell approved bread. "Saugeen Valley" forum says educate the men on the importance of family gardens. "Alsfeldt" forum says that most people of that community die of old age. "Bothwell's Corners" forum is buying Canada approved bread on a co-operative basis, good idea.
