THE WONDERS OF THE MICROSCOPE.—We understand it is through the agency of this marvel viewing instrument that Dr. Ayer has at length succeeded in finding the Palludal miasm and determining its character. Of its effects we in this section have abundant evidence in the Fever and Ague which it alone produces when absorbed through the lungs into the blood. It has long been held to be a vapor or something in the vapor of water from decayed and decaying vegetation. Under a great magnifying power, the Doctor has found this vapor to contain distinct organisms or living bodies, corresponding precisely with those found in the blood of Ague subjects. They are 13,000 times less than visible to the naked eye, but have distinct character and form. He thinks they are reproductive in decaying matter or in the blood, and hence their long continued life or the remote effects of them in the system. He maintains that they resemble in character the other fermentative poisons, or such as the virus of rabies or of a dead body, &c., all of which are known to reproduce themselves with great rapidity like yeast in moistened flour, so that the slightest quantity impregnates the whole mass. Yeast, through a powerful magnifier, is seen to be a forest of vegetation which grows blossoms, and goes to seed in a short time.—Miasm is not so distinctly vegetable, but has more the appearance of animal life, although its motions cannot be perfectly distinguished. What the Doctor claims to have settled is that it is an organic substance and he has further found and embodied in his 'Ague Cure' what will destroy it.—[Leader, St. Louis, Mo. 184

WORTH KNOWING.—Prof. Wood, whose advertisement will be found in another column, has discovered a remedy for the gray and bald, which is at once practicable and cheap. It requires no dyeing, no wig, nor extraordinary trouble. There can be no doubt whatever of its efficacy. We have seen testimonials almost without number, and from men of great intelligence, high standing and moral worth.

Those who have been bald for years are now wearing their own hair, and appear ten years younger than they did six months ago. As in most cases gray hairs and bald heads are both premature and unnatural, it is a duty to remedy them by the natural and undoubted means which Prof. Wood has invented, and now kindly offers to the afflicted. Read his advertisement, try his wonderful remedy, and give the Prof. a new testimonial.—Memphis Whig.

HUMOR IN THE EYES.—There is probably no part of the physical organization more tender or sensitive than the eye, and when humor once settles in the delicate organs of sight, blindness is sure to follow. There are instances where persons having become blind have applied to oculists in vain for relief, the professional gentleman being ignorant of the hidden cause of the trouble. 'Kennedy Medical Discovery' has effected many cures when the patients were totally blind from the above cause, and we mention this fact at the present time to induce any who may be suffering from any trouble with their eyes to try this wonderful discovery, and not these only, but any who may be troubled with humors of any kind.

PRACTICAL EXPERIENCE, BETTER THAN EXPERIMENTAL SCIENCE.

HOLLOWAY'S OINTMENT.

CONSOLATION FOR THE SUFFERING.

Nearly fifty years continual use in every part of the habitable globe, amongst the savage and civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in, and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS, AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula or Erysipelas, can long withstand its influence.

BAD LEGS, OLD SORES, AND ULCERS.

Cases of many years standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ungnent.

ERUPTIONS OF THE SKIN,

Arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

FILES AND FISTULA.
