Large Pullet Eggs

One of the largest pullet eggs ever to startle our optics, was that which was brought to this sanctum by Thos. R. Hunt. The egg, laid by one of his 1945 Rock pullets, measured 7½ inches one way and 8¾ the other. It was hefty for weight too, tipping the scales at 5¾ ounces. Tom, while he has an eye to business, wouldn't sell the egg or any others like it, as he purposes salt-and-peppering them to suit his personal taste. — Thornbury Review-Herald.

In Memoriam

McMASTER — In ever loving remembrance of George McMaster, who passed away February 23rd, 1938.

God knew that he was suffering,
That the hills were hard to climb,
So he closed his weary eyelids
And whispered "Peace be thins."
Away in the beautiful hills of god
By the valley of rest so fair,
Some time, some day, we know not when,
We will meet our loved one there.

Mr. And Mrs. Geo. Lawler Honored By Frienls

(By 8th Line Reporter)

The home of Mr. and Mrs. George Lawler was the scene of a pretty wedding dinner prepared for them by the family in honor of their fifty-second wedding anniversary, February 14th.

All the family were present except one daughter, Zaida (Mrs. Irwin) of Windsor and a son, Arthur of Durham.

For the occasion the dining room was prettily decorated with white and gold streamers, and gold star trimmings and wedding cake centered the dining table. The two eldest sons of Walter Lawler were waiters at the wedding dinner.

In the evening a large number of friends and neighbors gathered to offer congratulations. The main feature of the evening was a song entitled, "When You and I Were Young Maggie," sung by the bride of fifty-two years, accompanied by Mrs. Harold Fenwick on the piano. At an opportune time Mr. and Mrs. Lawler were called forward. The address was read by Mrs. Harold Fenwick and a presentation of a combination end table and magazine rack was made by Messrs. Kendal Hawkins and Jack Stephens. Both Mr. and Mrs. Lawler made fitting replies.

Both Mr. and Mrs. Lawler have been residents of Artemesia and Osprey townships for over forty years. Mr. Lawler, prior to her marriage was Maud Carr of Eugenia, aunt of the well known hockey player, Lorne Carr.

They received many gifts among them being a pair of woollen blankets from the family. also a phone call from their daughter, Mrs. Irwin of Windsor. They are members of the Church of England.

Shelburne Hockey Player Dies Following Game

Following the termination of the Markdale-Shelburne hockey game in Dundalk Friday evening, Jas. Banks, defence player on the Shelburne team, dropped dead when he reached his car on the roadway outside the rink. A physician was soon on the scene but stated that Jim had been seized with a heart attack and death had come instantly. Deceased was a Sergeant-Major with the Lorne Scots and had arrived from overseas the week before, and was again taking part in the game he loved: hockey, and a really fine player he was. It was hard for a player to get by him and he played the game cleanly. It was most regrettable that such a fine chap would be called so early in life, he was only 31 years of age.

The funeral was held this Tuesday afternoon, and was attended by a very large number of sympathizing friends and relatives. Those from Flesherton who attended the funeral were: Mr. and Mrs. Geo. Banks, Mrs. T. J. Fisher, S. J. Stauffer, Geo. Boyd and Bob Phillips.

Financial Position Osprey Township Excellent

The Osprey Municipal Council had a busy day at their regular session held on Saturday, Feb. 9th, when the tenders for the crushing and hauling of gravel for roads were opened and read by the Superintendent, Mr. Jas McKenzie. These were received from J. A. Dickey, Stayner, who partially completed his contract in 1945, from L. Turvey, Flesherton, from Sandy Construction Co., Goderich, and Seeley & Arnill of Dundalk. All tenders were fully discussed and the merits or demerits of each considered. After a vote by the members of the Council, the decision was to award the contract to Seeley & Arnill of Dundalk. This young firm is well acquainted with the conditions under which they will have to work, and it is expected that excellent satisfaction will be the result of this award.

The maintainence of township roads for winter motor traffic is one more of the problems with which the Council is confronted, as a number of ratepayers were present to present their petition that certain roads be opened and snowploughed, providing weather conitions would make t feasible. This will be done after procuring the consent of the Department of Highways to pay the same subsidy paid on other work on roads.

The Reeve and Deputy-Reeve were authorized to attend the Good Roads Convention in Toronto, and the Clerk was authorized to attend the convention of the Ontario Assoication of Rural Municipaliies being held during the same week.

Assessment also came in for a very spirited discussion, as the results of the assessment made in the previous year was anything but satisfactory either to the Council or to the ratepayers. Certain regulations were agreed upon as to the procedure which an Assessor will have to observe, and the Clerk was instructed to advertise for applications for the appointment of an Assessor to do the work for this year.

The financial position of the municipality was reported upon by the Treasurer, and the Council was informed that up to the present time no money had had to be borrowed under the Borrowing By-law. It was not expected that this would have to be resorted to for some time at least, as ample funds were on deposit in the bank account to meet current expenses. This is somewhat of a new experience for the municipality, as it is now only reflecting a policy adopted a numbers of years back, which has been strictly adhered to.

The Road Superintendent presented his voucher amounting to $310.40, which was ordered paid. He was authorized to order a quantity of wire fence to be erected in a number of places where snow collects on roads and causes considerable expense to open for traffic.

General accounts ordered paid were: Mrs. J. Smith, care E. Miller, for January $46.50; J. A. Davidson, car hire to Hanover $7; D. McIntyre, refund dog tax $2; Treasurer County of Grey, hospital accounts $17.40; Ontario Blank Forms, supplies $70.-41; F. H. Nettleton, watches as gifts $67.50.

Council adjourned to meet Saturday, March 9th, at 2 p.m.

Tells Andy Clark What 'Junco' Bird Is

(By Vandeleur Reporter)

Andy Clarke, in his broadcast Sunday morning stated that he didn't know what kind of bird a Junco was and there are many others who don't know either. According to the "Blue Book of American Birds", the Junco is commonly known as the snowbird, which serves to remind us that in our orchard a few days ago, your correspondent saw a partridge, a crow, Blue Jay, a Downy woodpecker, two chickadees, some Juncos and snow buntings, as well as English parrows and pidgeons. Quite a collection of the feathered variety for one day in the middle of February.

Saleman: "These shirts simply laugh at the laundry!"

Customer: "I know. I've had some come back with their sides split.
