CUSTOMERS' *Suggestion* CORNER
For Rural Telephone Service

One Customer Writes:
"Devise some means so that if neighbours *must* listen in, they can at least repeat correctly what they heard."

BEHIND this half-joking suggestion is one of the most serious of all causes of dissatisfaction on the part of rural telephone subscribers... the "listening-in" habit.

If you find someone already on the line, please make it your rule always to hang up immediately. Your neighbours will appreciate it...and are more likely to grant *you* privacy when you have occasion to call.

Weather in our fair land has been very spring-like of late. Snow sank quickly and fields became partly bared. Our spring bird friends rejoined us even; the occasional ground hog submerged from his winter quarters to visit the outdoor world. Maple syrup enthusiasts commenced collecting all necessities and hiking away to the bush where they tapped and with fair results too. March however intervened and brought forth one of her traditional blustry days on Saturday, only to be outdone by more springlike weather Sunday and today (Monday), tho' slightly colder than was the weather last week.

Sickness and accidents still prevail concerning our midst. To all the inflicted we wish for a speedy recovery. Mrs. Clayton Betts has received word that her brother, Pte. Ken Sims, who had been dangerously ill, due to diphtheria and pneumonia, in a hosiptal in Belguim since last December, has recovered sufficiently as to be moved to a Canadian hospital in England. Tho' improving, Ken is still a bed patient. Our hope is that he may make rapid progress now so as to permit his return home to Canada in the very near future. Master Bert Stinson who was stricken with a rheumatic heart condition three weeks ago has been forced to remain in bed and very quiet during the three weeks and for another week yet at least. The doctor's report yesterday noted a decided improvement in Bert's condition. Bert's grandfather, Mr. Albert Stinson, has not enjoyed good health all winter and had the doctor call on him on Sunday.

Mr. Wm. Moore, resident of our community, until a few months ago, now residing with his daughter, Mrs. Bert Hodgins, Proton Station, suffered a bad heart attack early last week. His condition is much improved again. Mrs. J. H. Richardson has been in quite poor health, a result of the flu. Mr. Russell Acheson's friends are sorry to learn of his misfortune at Dundalk Arena on Tuesday night. Russell is one of the stalwart defence players with the Dundalk Beaver hockey team. In fast play Tuesday night he collided with a Shelbourne player. Russell suffered a bad gash in his head necessitating stitching by Dr. T. P. Carter. Slight concussion was the medical term given. Russell is making satisfactory progress at his home.

Mr. Wm. Duncan has been in Markdale Hospital the past week and a half having undergone two operations. His condition was satisfactorily improved yesterday, allowing him to return to his home.

McCaque Co., last Monday, March 4. Harold returned to his home on Saturday evening and left for Toronto this a.m., where he will attend to military matters. Following this interview he will return to Alliston later in the week.
