In Memoriam

ALEXANDER — In loving memory of Robt. J. Alerander, who passed away suddenly April 27th, 1936.

Beautiful memories are all we have left
Or him we loved dearly, and shall never forget;
His loving smile and happy face,
Broken link we can never replace;
Sad was the parting, no one can tell,
So sudden on earth—the sorrow fell,
Memories arte treasures no one can steal,
Death leaves a heart-ache nothing can heal.

—Lovingly remembered by Wife and Family.

Card of Thanks

We wish to express our deep appreciation for the many acts of kindness and for the expressions of sympathy tendered on the passing of our brother, James.

In Memoriam

THOMPSON — In proud and ever loving memory of our dear son and brother, Laurie, killed in action in Holland, April 24th, 1945.

Broken is the family circle,
Our dear one has passed away,
Passed from earth and earthly darkness
Into bright and perfect day;
But we all must cease to languish
O'er the grave of him we love,
Strive to be prepared to meet him
In the better world above.
Not dead to us who loved him.
Not lost, but gone before;
He lives with us in memory
And will forever more.

—Sadly missed and fondly remembered by Dad, Mother, Brothers and Sisters.

In Memoriam

HANLEY — In loving memory of a kind husband and father, Albert Edward Hanley, who passed away April 30th, 1945.

Loving and kind in all his ways,
Upright and just to the end of his days,
Sincere and true in heart and mind,
Beautiful memories he left behind.

—Sadly missed by Wife and Family

WORLD FOOD EMERGENCY

Starvation threatens in the Far East and hunger in Europe. We are sending food. We must send more. The need is now — until harvest!

We must help feed a hungry world

A serious shortage of food in certain areas of the world was expected, but crop failures in many areas, and lack of distribution facilities, seeds, and tools in others created a food shortage of alarming proportions. Only immediate deliveries of staple foods can sustain the hungry millions.

PRODUCE AND SAVE — MORE

Since 1939, our per capita record of food exports has exceeded that of any other country. Food production has soared. Canadians have eaten well in spite of war. Today, the seriousness of the world's food situation calls for even greater efforts. We can increase our food shipments and still have enough for our needs.

THIS IS WHAT WE CAN DO

We can ship more WHEAT, FLOUR, MEATS, CHEESE and EGGS if as great quantities as possible are made available for shipment during the next four months.

PRODUCERS! — DELIVER TO MARKET.
CONSUMERS! — BUY LESS OF THESE FOODS — BUY ONLY FOR IMMEDIATE NEEDS—WASTE NOTHING—PLANT A GARDEN—SUBSTITUTE VEGETABLES FOR AS MANY OF THESE VITAL FOODS AS YOU CAN.

This will increase supplies at storage depots, thus freeing additional needed foods for the world's hungry. There can be no permanent prosperity for us . . . or anyone . . . while hunger and despair afflict large areas of the world.

Share with the hungry!

THE PROVINCE OF PROMISE...

***ONTARIO,** a thousand miles this way and a thousand miles that, is the playground of Canadians and Americans alike. With its diversity of climate, life and interest, the province has everything the tourist wants and he comes in his millions to partake of it. Figuratively, the reception, accommodation and entertainment of these visiting millions set up waves of opportunity-filled activities that affect every phase of the business life of Ontario. The impact of the visitor-industry is seen on every hand . . . it is the wealth of all of us . . . we are a permanent host to millions.*

A CORNER ON TOURISTS

Annually, by train, boat, bus and private car, more tourists enter Ontario than all the other provinces of Canada combined. In 1945, although gasoline rationing was not lifted until August, 2,070,000 American motor cars came in for less-than-forty-eight-hour stays and 554,000 for longer periods. Competent authorities estimate Ontario's yearly share of tourist revenues as 60% to 70% of Canada's total. The province expects at least 10,000,000 American visitors in 1946.
