WORTH KNOWING.—Prof. Wood, whose advertisement will be found in another column, has discovered a remedy for the gray and bald, which is at once practicable and cheap. It requires no dyeing, no wig, nor extraordinary trouble. There can be no doubt whatever of its efficacy. We have seen testimonials almost without number, and from men of great intelligence, high standing and moral worth.

Those who have been bald for years are now wearing their own hair, and appear ten years younger than they did six months ago. As in most cases gray hairs and bald heads are both premature and unnatural, it is a duty to remedy them by the natural and undoubted means which Prof. Wood has invented, and now kindly offers to the afflicted. Read his advertisement, try his wonderful remedy, and give the Prof. a new testimonial.—Memphis Whig.

THIS enormous quantity of this invaluable Remedy has been purchased by the citizens of the United States during the short time it has been before the public. The New American Watch.

IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in the world.

The Only Preparation.
HAVING PROOFS SO STRONG AND DIRECT AS TO
EXPEL THE DOUBTS OF ALL.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite, in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore. Read the following:—

Oak Grove, S. C. June 24th, 1859.

PROF. O. J. WOOD: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its drooping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.
Yours, very respectfully,
M. J. WHITNEY, M. D.

Office of the Jefferonian, Philippi, Va., Dec. 11th 1858.

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your 'Hair Restorative,' which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

THOMPSON GRANTHAM.

DR WOOD: Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your 'Hair Restorative' it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

S. THALBERG.

The Restorative is put up in bottles of three sizes, viz; large, medium and small; the small bottle is a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for three dollars per bottle.

Holloway's Pills.

NERVOUS DISORDERS.

What is more fearful than a break down in the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found. There is one: drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITES.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for use, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follows as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm. In fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Fevers of all kinds	Sore Throats
Asthma	Fits	Stone and Gravel
Bilious Complaints.	Gout	Secondary Symptoms
Blotches on the skin	Head-ache	Tic-Doulourex

☞ CAUTION:—None are genuine unless the words "Holloway, New York and London," are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
