HOLLOWAY'S PILLS.—WHAT IS LIFE INSURANCE!—Apoplexy, &c.—Many people insure their lives to benefit their families by death—how paradoxical is this. To prolong life by preserving the health would be a far more rational manner of assuring it. Apoplexy is swift and insidious in its attacks, striking its victim without a moments warning; happily, a preventive has been discovered—Holloway's Pills—the only safe and certain antidote for this disease, they cool the blood and equalize its circulation through the system. To preserve the stomach in a sound condition and the blood pure—is the true secret of health. Holloway's Pills will do this most effectually and thousands owe their actual existence to them at the present day. 212

WORTH KNOWING.—Prof. Wood, whose advertisement will be found in another column, has discovered a remedy for the gray and bald, which is at once practicable and cheap. It requires no dyeing, no wig, nor extraordinary trouble. There can be no doubt whatever of its efficacy. We have seen testimonials almost without number, and from men of great intelligence, high standing and moral worth.

Those who have been bald for years are now wearing their own hair, and appear ten years younger than they did six months ago. As in most cases gray hairs and bald heads are both premature and unnatural, it is a duty to remedy them by the natural and undoubted means which Prof. Wood has invented, and now kindly offers to the afflicted. Read his advertisement, try his wonderful remedy, and give the Prof. a new testimonial.—Memphis Whig.

Ayer's Cherry Pectoral

The New American Watch.

IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in the world.

MARK THESE FCTS!

The Testimon. of the Whole World.

HOLLOWAY'S OINTMENT.

BAD LEGS, BAD BREASTS, SORES AND ULCERS.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with ten fold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflamation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubing in of the Ointment, will do great service. This is the only sure treatment for female cases of cancer in the stomach, or where their may be a general bearing down.

INDISCRETIONS OF YOUTH;—SORES AND ULCERS.

Blotches, as also swellings, can with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Cancers	Rheumatism,
Bad Breasts	Contracted and Stiff Joints	Scalds,
Burns,	Elephantiasis	Sore Throats,
Bunions,	Fistula,	Skin Diseases,
Bite of Mosquitoes and Sand Flies	Gout	Skin Diseases,

Chiego-foot	Swellings	Sore Heads,
Chilblains,	Lumbago	Tumors,
Chapped	Piles,	Ulcers,

		Yaws.

☞ CAUTION!—None are genuine unless the words "*Holloway, New York and London,*" are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicine or vending the same, knowing them to be spurious.

☞ Sold at the manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in pots, at 25 cents, 63 cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.
