Rev. Dr. Andrew Thomson, as special speaker, spoke on his work as missionary in China. He told of the opposition to send of missionaries to a foreign 100 to 150 years ago, and yet in that time, every country in the world has learned something of Christianity. He gave an account of general living conditions which are much the same as in Canada, and also told of the different methods of going about the mission work. So well has the work progressed that in the late 1920's all denominations united to form the "Church of Christ in China."

The president, Miss Kate Macmillan extended thanks to Dr. Thomson on behalf of the meeting for a very interesting and educative address. The meeting was closed with the benediction.
