A NEW BOOK
AND ONE
DESTINED TO CREATE A SENSATION.
JUST PUBLISHED.

THE SUNNY SOUTH;
OR, THE
SOUTHERNER AT HOME,
EMBRACING
FIVE YEARS' EXPERIENCE
OF A
NORTHERN GOVERNESS,
IN THE
LAND OF SUGAR, RICE, TOBACCO AND COTTON.

EDITED BY
PROFESSOR J. H. INGRAHAM,
OF MISSISSIPPI.

Handsomely bound in one volume. 12mo. 526 pages. Price $1.25.

Literary notice from the Press throughout the Country.

THE SUNNY SOUTH.—'This book is composed of a series of letters, written in an interesting style of a narrative, embodying the most romantic features of social life on different kinds of plantations. We can bear testimony from our own personal observation of similar scenes in the South, to their truthfulness as here depicted. They are portrayed in a vivid, interesting style, and we should like to see the book in the hands of thousands of deceived people, who have no personal knowledge either of Southerners or Southern life, except what they have gained from partizan journals, or those who internationally have written to deceive.—(Daily Republic, Buffalo, N.Y.

THE SUNNY SOUTH.—'This volume is in the form of letters. They give, so far as we can judge, faithful pictures of Southern life, and are penned without prejudice. They present scenes quite different from an 'Uncle Tom's Cabin,' the pictures presented here are quite graphic, and we think the portraits painted are in very nearly natural colors.'—(Boston Daily Bee.

THE SUNNY SOUTH.—'We have peeped within the covers of a more appetizing volume. Although not intended as an answer to the foul calumnies in the Uncle Tom trash of the last ten years, it, nevertheless, does unmercifully hurl back to their source all lies of such a nature, and we are glad to believe that the book will be read in thousands of northern homes. The south also should take to it benignantly, for, independent of its truthfulness and integrity, it is one of the liveliest and most entertaining books of the year.—(Times, Greensboro, N.C.

THE SUNNY SOUTH.—'The enterprising publisher, G. G. Evans, Philadelphia, of Gift Book notoriety, is weekly issuing new works of interest, and spreading them over the country, and his system of transacting business may be looked upon as an institution, for diffusing knowledge, unequalled by any in the country. We commend this book to all.'—(Daily News.

THE SUNNY SOUTH.—'This is a captivating volume, strongly illustrative of Southern life. The heart of the authoress is with her theme, and she carries the interest of the reader along with her, as she, in her amusing off-hand style, delineates the peculiarities of a Southern home.'—(Press.

THE SUNNY SOUTH.—'Whatever bears the name of Professor Ingraham is sure to involve the elements of striking effect and a wide popular currency; and this is just the case with 'The Sunny South, or the Southerner at Home,' which appears from the press of G. G. Evans, under the editorship of the graphic Professor. It is vivid in style, keenly observant, interesting in plot, and in purpose and manner it obviously springs from a warm heart, and will be as warmly welcomed by a host of readers.'—(The New Yorker.

THE
Throne of David;
FROM THE
CONSECRATION OF THE SHEPHERD OF BETHLEHEM
TO THE
REBELLION OF PRINCE ABSALOM:
Being an Illustration of the Splendor, Power, and Dominion of the Reign of the Shepherd King, in a series of Letters, wherein the magnificence of Judea is shown to the reader, as if
BY AN EYE WITNESS.
By the Rev. J. H. INGRAHAM, L.L. D.
One volume, 12mo., cloth, 653 pages.
Price $1.25.

'This is the third Volume, and the completion of a series of works by the same author, on the history of the Israelitish monarchy. The origin under Moses was treated of in the 'Pillar of Fire,' and its great glory under David is treated of in this work (The Throne of David), while the decline of Hebrew power and the opening of the new dispensation, meet their definition in the 'Prince of the House of David.' These works are historically valuable, as handbooks of information relative to the scenery, geography and information of the Holy Land. The style is interesting and powerful and the work leads us to the contemplation and study of the sublime language of the Bible and the great truth it contains, without being, as such books too ordinarily are, either maudlin, stupid, disgusting or conceited.'—(Boston Daily Atlas.

THE
PILLAR OF FIRE
OR
ISRAEL IN BONDAGE,
By the Rev. J. H. INGRAHAM, author of the "Prince of the House of David."
One volume, 12 mo., cloth, 600 pages.
Price $1 25.

'This work is designed to sketch the Hebrew history during the bondage in Egypt, the Prophet Moses being the central figure, and is a free and striking history of the period in which the writer gathers first, from the Bible and then from profane history a vast mass of material, which by his genius is thrown into a fascinating narrative of the most attractive character which carries the reader along without diminution of interest.'—Philadelphia Evening Bulletin.

THE
PRINCE
OF THE
House of David
OR
THREE YEARS IN THE HOLY CITY.

In a series of letters relating as if by an eye witness, all the scenes and wonderful incidents in the

LIFE OF JESUS OF NAZARETH,

From his Baptism in the Jordan to his Crucifixion on Calvary.

BY THE
REV. J. H. INGRAHAM,
Rector of Christ Church, and of St. Thomas' Hall, Holly Springs, Mississippi.

One volume, 12 mo., cloth, 472 pages.
Price $1 25.

"In this work the author has succeeded in the bold and daring task of presenting the great leading historical parts of scripture in connection with secular history, so as to present the clear and life like picture of those events as they might be supposed to appear to a casual observer. The descriptions of rites and ceremonies, are spirited and comprehensive. The style is highly immaginative and attractive, and we predict that this volume will be as popular as the "Pilgrim's Progress."—Presbyterian and Evangelist.

Ayer's Ague Cure.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

AN aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Menstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, cuticular changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently yet regularly aperient, even in the most obstinate cases of costiveness, without ever being a drastic purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked DIARRHŒA, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarms of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOCIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.

Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its issue.

The New American Watch.

IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in the world.
