'He remembered the Forgotten' was beautifully said of Howard the Philanthropist. It also applies to every man who brings the ameliorations, comforts and enjoyment of life within the reach of persons and classes who are deprived of their advantages. Especially may it be said of him who laboriously seeks and finds new means of preserving health, 'the poor man's capital and the rich man's power.' We think this eulogium properly applied to J. C. Ayer of Lowell, the renowned chemist of New England, who, spurning the trodden paths to fame, devotes his entire abilities and acquirements to the discovery of Nature's most effectual remedies for disease.—When the hidden blessing has been revealed, he proceeds to supply it to all mankind alike through our druggists, at such low prices that poor and rich may alike enjoy its benefits.—[Journal & Enquirer, Portland, Maine.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR

RESTORING THE BALD AND GRAY,

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th, 1859.

PROF. O. J. WOOD & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, lustrly, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufactuae and sale of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a grey hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours.

A. C. RAYMOND.

Aarons, Run Ky., Nov. 30, 1859.

PROF. O. J. WOOD: Dear Sir,—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.

P.S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing. Yours, &c., REV. S. A. B.

The Restorative is put up in bottles of three sizes, viz; large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for three dollars per bottle.

O. J. WOOD & CO, Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo.

And sold by all good Druggists and Fancy Goods Dealers. 3m-eow-218

FOR

ALBERTINE COAL OIL!

THIS OIL has been a great favorite in Montreal since Coal Oil became the vogue, but on account of its very high price has not been thoroughly introduced here.

It is made from the Albertine Coal of Newfoundland, and is entirely free from the adulterations indigenous to Earth Oils as Naptha, Petroleum, &c. It will burn longer and give a more brilliant light than any other Oil, and is at least twenty-five per cent cheaper. Warranted free from offensive smell and smoke.

Give it a trial, and if not found as represented, your money will be cheerfully returned. A liberal discount made to wholesale dealers by the barrel. For sale at the Medical Hall.

The New American Watch.

IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in the world.
