Two buck privates paused by the roadside to look at a dead animal.

Two Flesherton Soldiers Returned Home Monday

Two more Flesherton boys arrived home on Monday after service overseas with the army of occupation in Germany. These were L.A.C. Evison Wilson, son of Mr. Jas. Wilson of Owen Sound and Tpr. Ted McCracken, son of Mr. and Mrs. L. McCracken of town.

Evison went overseas almost two years ago with the Air Force, while Ted went over in December 1944. He was on his way to Belgium when the war stopped on May 8th, 1945. Since then he has been with the army of occupation in Germany, mainly at Wilhelmshaven. Both boys came home on the Isle de France.

Co-operative News

In December 1844, a little over 100 years ago, in the city of Rochdale, England, the first Co-op store was started by the factory workers of that city in a desperate effort to better their conditions. These Rochdale pioneers were men of intelligence and forsight, and the rules which they adopted are known today as the Rochdale Principles of Cooperation, and are recognized everywhere as being fundamentally sound. Some of the principles are as follows: 1. Membership is open to all who can make use of the services of the Co-op., and each member shall have only one vote.

2. Pay only a low rate of interest on Capital loaned to the Co-op.

3. All surpluses left after paying costs of operation, are distributed among the members on the basis of their patronage. This is simply a refund of over-charges, and such refunds belong to the patrons. This is why the excess profits tax does not and should not, apply to Co-operatives

According to present tax regulations, an organization must do at least 83% of its business with members in order to qualify as a Co-op. Life membership tickets in the local Co-op. can be obtained from the management.

FILMS — Five prints of the "Men of Rochdale" have been placed in the following libraries, by the Cooperative Union of Canada: Ont. Agricultural College, Guelph; Clare Burt, National Film Board; Works' Educational Association, 106 St. George St., Toronto. These prints are now available to anyone making application to either of the above addresses.

In Memoriam

McNINNON — In loving memory of Isabella McKinnon, who passed away on June 27th, 1937.

Gone from us, but leaving memories
Death can never take away,
Memories that will always linger
While upon this earth we stay.
Tena, Gordon and Phyllis.

Beef Breeders Of Grey Held Meeting At Markdale

A well attended meeting of Grey County Beef Producers was held in the Dept. of Agriculture Office, Mr. V. C. Porteous of Derby township presiding.

Mr. Porteous opened the meeting by reviewing the work of both County and Provincial organizations and left the meeting open for general discussion, with those present freely and amiably taking part.

The meeting appreciated the lifting of the price ceiling as it helped the feeder of good cattle but warned farmers not to expect prices to hold up on heavy runs of unfinished cattle. The grading of Beef, before and after slaughtering, was freely discussed and the concensus of opinion was that many farmers did not understand what constituted red and blue brand beef and too often the consumers did not get the quality they paid for.

The meeting accepted the offer of the Dominion Dept. of Agriculture and the W. T. P. B., "sent by wire"; for a representative from them to meet with representatives of the Beef Producers of Grey and Bruce to discuss the Beef Market situation. This meeting is to be held in the near future. They also passed a resoluton asking that the Ontario Beef Producers be organized on the same basis as the Hog Producers and a marketing scheme be prepared at once.

A resolution passed by Grey County Agric. Committee asking that the present elimination of price ceiling on red and blue brand beef be extended to July 1947 and a Royal Commission be appointed to investigate the cost of producing red and blue brand beef was discussed and endorsed. Also a resolution was passed commending the service rendered by the Owen Sound abbatoirs and asking that an inspector and grader be appointed by the Gov't. for all like abbatoirs rendering equally good service.

A resolution of appreciation to the members of the different Agricultural Committees and the Federations of Grey and Bruce Counties, for the strenuous fight they put up for more parity prices and to the Gov's. for recognizing their effort and easing the situation by lifting the price ceiling temporality was passed. The meeting concluded by asking all townships to form a township Beef Producers organization with at least a chairman and four directors. The chairman to represent the township on the county board to meet immediately to choose the county officers.

Lucky School Children

A contest that should be an excellent incentive for the school children to pass their examinations is being run by the local jeweller, George Walker.

An imitation cardboard face of large diameter has been placed on an eight-day clock. Around the circumference of this face are spaces where names may be written. School children from Grade VI and up in Public School and all Grades in High School have been invited to place their names in the spaces provided on the face of the clock. The clock has been wound and is being allowed to run down until it stops.

When the clock stops the minute hand will be pointing to one names and the hour hand will be pointing to another name. One must be a girl and the other a boy.

The two lucky winners will be presented with two valuable Buova watches, on condition that they pass their final exams in all subjects. — Grand Valley Star & Vidette.

Presentation Made To Resigned Ceylon Teacher

(By Ceylon Reporter)

Miss Mary McDonald was pleasantly surprised Friday evening, when the residents of Ceylon school section met in the school. The first part of the evening was taken over by card playing, Mrs. Jos. Stauble and Isaac Snell being the winners. Mr. Robt. Rutledge was chairman of the evening and Margot Ann Goessel read an address from the pupils of Ceylon public school and parents, while Phyllis Rutledge presented Miss McDonald with a lovely dresser set. Miss McDonald has been teacher here for three years and was very diligent and anxious for the welfare of her pupils. We wish her success at Orange Valley, where she will teach the coming year. Miss M. Mervyn is the new teacher for Ceylon and comes highly recommended and a hearty welcome will be extended to her.

Another Fish Story

Another true fish story comes to light this week when Ted Newell snagged a large speckled trout that weighed 1 pound and 14 ounces, and was 18½ inches long. He saw the big fellow swimming around the deep hole and went home for his fishing tackle, but the fat juicy worm would not entice the big fellow from his hiding place under a large rock. His head was visible and Ted guided the hook underneath his jaw and a sudden jerk had the fish snared. He landed him on the bank but he dropped off the hook and for a few moments it appeared as though Mr. Trout would regain his freedom, but it made several tasty meals for Ted and his mother.

Have Used Clothing Ready For Collection This Week

Don't leave off having your bundle of used clothing sent to the receiving station at the town hall, Flesherton, this week, as it will be urgently needed this winter to clothe the destitute in Europe. It is only a small thing for us to do, but it will relieve the suffering of thousands.

Flesherton Branch of theLegion is sponsoring the collection of the clothing. A truck will call at the homes in Flesherton this Friday, so have your used clothing neatly tied in a bundle, ready for the collectors. Those on rural routes may send their contributions through their rural mail carrier and these will be delivered to their destination in town.

This is your chance to help win the peace as you did the war. The people in Europe are looking to us for assistance.

There was also a time when it was a mark of distinction to say that a person was "on salary." At that time, salaries were higher than wages.

Geo. Jaynes Home At Ceylon

(By Ceylon Reporter)

The many friends of Pte. George Jaynes are pleased to know that he arrived in Toronto early Sunday morning and his wife received a grand surprise when summoned to the telephone to hear her husband's voice speaking to her as somehow Mrs. Jaynes did not receive any previous message of his arrival in Canada. Through the kindness of Mr. and Mrs. John McWilliam, they with Mrs. Jaynes and little daughter, Sandra, motored to Toronto where they met Pte. Jaynes. They expect to arrive in Ceylon this Wednesday. Welcome home, George.
