

Long Line of Chartered Buses Bring Women to Anniversary

MOTORISTS entering Guelph on No. 6 Highway yesterday were amazed when the sight of 100 chartered buses, lined along the entire frontage of the Ontario Agricultural College grounds, greeted their eyes. Used to transport thousands of women from all parts of Ontario to the 50th anniversary celebrations of the founding of the Women's Institute, the buses, a small portion of which can be seen above, stretched as far as the eye could see.
