Priceville W.I. Entertained The Flesherton Institute

The June meeting was in the form of a picnic and was held in the Institute Hall. Flesherton W. I. members were guests and turned out in goodly numbers. The Swinton Park ladies were unable to attend.

The meeting opened in the usual manner and Mr. Halliwell read the Scripture. The roll call was answered by "Ways of saving sugar." Community singing was enjoyed and Mr. W. D. Halliwell spoke on Citizenship and our new flag. Mrs. Odell, Mrs. Pinkerton and Mrs. Cargoe gave readings, Miss Elma Hamilton and Mrs. M. McFadden rendered two duets and Miss Ada Whyte gave two piano selections.

An invitation from Flesherton to attend their September meeting was accepted.

The collection was taken and the Mizpah denediction closed the meeting. The picnic lunch was enjoyed by all.

Lavern Wood Underwent Operation In Toronto

Mr. Laverne Wood, formerly of Flesherton and now residing in Hamilton, underwent an operation in Christie Street Hospital, Toronto, on Wednesday of last week in an effort to correct trouble in his pelvic bone which he had fractured three years ago in a motorcycle accident near Brampton. Another section of bone was grafted to the pelvic bone. It will be some time before it is known whether the operation is a success or not. Laverne was serving with the Air Force at the time of the accident. We wish him a full recovery.

Ontario Trails Beckon

During the vacation months of July and August, many of us will be following woodland trail and canoeing on Ontario's lakes and rivers Some trails have an origin centuries old, since before the earliest Europeans arrived in America the Indians had made well-defined routes thru the woods from one waterway to another, which they used for hunting trips and when on the war path. These paths were noted and utilized by early French explorers and traders. The chain of lakes and rivers now known as the Trent System was the one used in 1615 by the Hurons leading Champlain from Georgian Bay to Lake Ontario. Paul Kane's portraits in the Ontario gallery at the Royal Ontario Museum depict the appearance of the Indians of the various tribes which blazed the original trails.

Changes In Municipal Act Affect Local Elections

(Orillia News-Letter)

Changes in the municipal election act, copies of which have been received by Morgan Payne, town clerk, will nave two important results, insuring more time between nominations and election day, and practically necessitating the attendance of prospective candidates at nominations meetings if they wish to decide what office they may run for. The first amendment to the act will provide more time for printing ballots and making other arrangements for the election. The second amendment requires candidates nominated to decline at the nominations meeting offices they do not wish to run for, if perchance they are nominated first for such offices.

If Mr. Jones wishes to run for alderman, he must attend the nomination meeting, otherwise someone who doesn't want him to be alderman may first nominate him for school trustee. The amendment explicitly states that unless a candidate declines prior nominations, he shall be considered nominated for the first office. Mr. Payne says that it will necessitate the clerk at nominations meetings numbering all nominations in the order in which they are made or received. Candidates will have to be present also, to see that prior nominations do not prevent them accepting the one nomination they prefer.

It has been hinted that the new regulation should prevent candidates jockeying for positions. Candidates nominated for several positions must exercise their choice at once instead of waiting until near the end of the qualification deadline to decide on the race that appears the easiest to win.

Nominations may be held on the last Monday of the year as hitherto, with the election following on the first Monday of the New Year. But the new amendments stipulate that the nomination meeting in this event must be held at noon on the last Monday and not in the evening. The alternative is for the council to decide by by-law not later than the first day of November on other days for nomination and election. In exercising such an alternative choice, they cannot fix on a nomination meeting earlier than the Friday preceding the last Monday in November and there must ensue 14 days between nomination and election days.

Farmers And Compensation

A good deal of interest is being taken in the encouragement that is being given young men, particularly those with a knowledge of agricultural lore, to become farm workers. Arrangements have been made whereby in Ontario they will come under the provision of the Workman's Com-pensation Act and be entitled to benefits the same as applies to workers in other fields of employment. Farm help is to be directed into two classes and farm employees will be called upon to pay $1.80 per every $100 wages for general farming and 90 cents per every $100 wages for specialized farming. General farming includes all farms using horses and heavyma-chinery and keeping cattle, while specialized farming comprises poultry and hog raising and small truck farms where the risk of accidents is not so great. Under the plan a totally disabled farm worker would receive two-thirds of his average income up to $2,500 and down to a minimum of $12.50 per week. If the worker is only partially disabled he would be entitled to receive a fraction in proportion of the total disability allowance. The plan includes medical care and surgical aid, hospital treatment when an accident results in death the widow is entitled to receive $45.00 a month during widowhood, as well as $10 a month for each child under 18 years of age. The authorities have a method of dealing with young men who view farm work with disdain. Those unemployed who refuse offers of work on farms will be permanently cut off unemployment insurance, which many have been enjoying while Ontario farmers suffer because of labor shortages.

F. B. Keys Receives Call To Huntsville Church

An announcement was made in Cedarside Baptist Church Sunday morning of the resignation of Mr. F. B. Keys from the pastorate of the church, to take effect the end of September. Mr. Keys received a call from Huntsville Baptist Church and will take charge there on September 29th. Mr. Keys preached in the Huntsville church a week ago.

In making his statement to the churches Mr. Keys said: "The affections of the people of both congregations and of the town and community as well, have been such fertile soil that our roots have gone deep indeed. We are now finishing the fifth year of the hapipest relationship with this people that a minister could enjoy. Increases up to three hundred percent in financial and other spheres of the work have resulted from the closest possible co-operation on the part of the people of the churches with the pastor. It will be difficult for us to leave Flesherton."

Mr. Keys has had the support of all classes in Flesherton, who are sorry to see him and Mrs. Keys leave the village, as they generously gave of their time and talents in any worthy cause. Mr. Keys has been president of the Horticultural Society, both through the village and at Cedarside church, which he greatly improved with trees and flowers. The best wishes of a host of friends will go with Mr. and Mrs. Keys to their new charge.

KIMBERLEY FARMER HAD HORSE KILLED BY LIGHTNING

(By Kimberley Reporter)

A very severe electric storm passed over the Valley Thursday afternoon, the most severe in a long time. Heavy rain, wind, thunder and lighting lasted about two hours, tearing down branches from trees. The lightning killed a horse belonging to Mr. Ralph Stafford and a Hydro pole was also struck. Hail as large as marbles fell for about three or four minutes.

MOVE TO REPLACE TREES ON BARREN GREY LAND

To increase the forest acreage, the Grey County Council has authorized the purchase of an additional 600 acres of land in Glenelg Township at an average figure of $4.00 per acre, located within ten miles of the present holdings. The newest purchase will mean that 1,900 acres are included in the county's reforestation plan, one parcel of land being in Holland Township and two in Glenelg.

A recent survey showed that of the 71,000 trees planted in the Holland area this spring, 90 per cent are living. A holding near Durham has been planted to replace the thousands of Scotch pine trees which have been cut for Christmas trees in the past few years.

Besides the project under county ownership the majority of farmers have done reforestation work on their own farms, some covering several acres.

CAR BACKFIRED AND SET ROADWAY ABLAZE

The job of spraying highways with asphalt is fraught with danger and a bit of excitement at times. Tuesday was one of these days with Jack McGowan and Ted Styles of town, who are in charge of the Schutz Co. road sprayer. They were spraying the highway in Rosemount, east of Shelbzurne, and everything was going fine until a passenger car backed out of a yard some distance up the road and backfired. The backfire set the newly oiled road aflame almost instantly and gave the residents of the village a thrill the oldest residents have not had since the big Michigan bush fire.

Luckily the oil spreader was far enough away that it could get out of the way of the flames. The accident should show everybody just how easy it is to set off freshly applied asphalt on a hot day. Oil sprayers are a bad risk at any time and constant care is required.—Durham Chronicle.

25th Wedding Anniversary

Mr. and Mrs. Levi Duckett of Maxwell celebrated their 25th wedding anniversary on July 6th. The table was decorated with a three-tier wedding cake and red roses, and about 40 guests sat down to a luncheon, among whom were Rev. and Mrs. O. W. Holmes and Rev. Stanley Elliott of Shelburne.

Following luncheon, Mr. and Mrs. Leslie Mills (Reta Duckett) had their baby christened. It was also the birthday of their eldest daughter, Violet (Mrs. Arthur Wright).

The evening was spent in singing old-time songs. Many beautiful gifts were received. Guests were present from Shelburne, Collingwood and other points. The day will be long remembered, as this is the third wedding anniversary held in this home.

A., W. I. and the school, where she taught, as well as being a kind neighbor and friend to all. Bell Telephone Co. Has Commenced Line Change

Last week a number of line employees were working from the local Bell central making alterations to some of the outside wiring in preparation of the change-over this fall from magneto to battery equipment, as announced in these columns a few weeks ago. The Bell Company expect that the complete change will be made by October. There will be one disadvantage on party lines, as a person's next-door neighbor will have to be rung through "central," but the advantage to that will be that only half the rings will be heard by a subscriber which occur each day.

MEAN THIEVERY

The Harriston Review tells of thieves who picked and stole between forty and fifty quarts of strawberries from the patch of Mr. Floyd Burns, No. 9 Highway, north of Harriston. The patch had been cultivated and well looked after, and it was by far the best picking of the season. There were distinct footmarks of four different people and their tracks could be seen through a hayfield. Too bad they could not be traced.
