D. MOTT'S
CHALYBEATE RESTORATIVE
PILLS & IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurity of the blood, depression of vital energy, pale and other sickly complexions indicate its use, and almost every conceivable case. In all maladies in which it has been used it is proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, **Emaciation**, Dyspepsia, Constipation, **Diarrhœa**, **Dysentery**, Incipient Consumption, **Scrofulous** Tuberculous, Salt Rheum, **Menstruation**, Whites, Chlorosis, **Liver Complaints**, Chronic Head aches, **Rheumatism**, **Intermittent Fevers**, Pimples on **the Face**, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description not written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Scores of equally decisive instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dysmenorrhœa, Innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Castiveness.

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarms of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculous, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported of, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.

Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its issue.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

The Latest! The Largest! The Best!

THIS book was published Jan. 1, 1860, and such has been its success, that
20,000 Copies have already been Sold!
And the Twenty fifth Thousand is now in press.

WORCESTER'S QUARTO. This Book has all the desirable qualities of Webster, and none of his objectionables.

HER Royal Highness, in an autograph letter addressed to Dr. Leonard Evers, dated Buckingham Palace, May 9, 1860, writes:

MY DEAR MR. EVERS:—I have to acknowledge the receipt of the very handsome copy of Dr. Worcester's Dictionary, which you have been good enough to receive, and I must beg of you also to assure the publishers that I am very sensible of the kind feeling which they manifested towards me. It is very gratifying to see that the parent language receives such valuable aid for its development and the preservation of its purity in your country.

The Highest English Authorities Are unanimous in their eulogiums upon Worcester's Quarto Dictionary.

Letters expressing the highest approval have been received from CHAS. RICHARDSON, the venerable author of Richardson's Dictionary; HERBERT COLE, RICHARD C. TRENCH, R. H. SMART, RIDDLE, Prof. Philological Society; and also from Dr. BOSWORTH, Prof. Anglo-Saxon at Oxford University. The latter says, of it:

"In short it is the most complete and practical, the very best as well as the cheapest English Dictionary that I know, and I have, therefore, no doubt of its success."

The London Literary Gazette says:—

"The lapse of a few months will be sufficient to establish Worcester's Dictionary as the acknowledged standard of reference, among the scholars of England and America."
