Bowes returned with them after spending two months with her mother, who is recovering from her stroke. Mrs. McLeod will now reside with her daughter, Mrs. Wallace Wellwood, at Dundalk.

After spending the past two years in hospital, Mr. Norman Tackaberry has recovered his health sufficiently to enable him to again take up his work of canvassing for magazine subscriptions. He is again representing the Farmers' Advocate and the Farmers' Magazine. His many friends will be pleased to see him on his route again.

Tractor Accident

While working with his tractor on Wednesday of last week, Mr. Harold J. Corley met with a painful and unusual accident when in unscrewing the radiator cap it suddenly shot into the air and he was sprayed with the boiling water. The lower part of his face, neck, and chest and his left arm were scalded, also several spots on his back. Although he completed his day's work and after receiving medical attention helped take in the harvest the following day, he has since been confined to bed. His many friends wish him a speedy recovery. —Mt. Forest Confederate.

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemaker! Sweet music to many a housewife's ear is a suggestion for dessert. There's a problem the majority of us find difficult to solve, for pudding and pies dig deep into sugar and butter reserves.

Use an abundance of fresh fruit and serve with flavored cream rather than fruit sugar. Learn to judge fruit by its fragrance and appearance. Chill thoroughly before preparing for the table. Never put ice in melons or soft fruit, as it destroys the flavor.

Here art a few ideas: Steamed apples; baked pears stuffed with raisins; fruit snow; macedoine of fruit; fruit custard; fruit jelly; fruit sponge; fruit shortcakes; fruit bread pudding; scalloped fruit; fruit sherbet; fruit ice cream.

MACEDOINE OF FRUIT

3 peaches, 3 pears, ¼cup sliced orange, ½ cup diced watermelon, 1 cup raspberries.

Pare and slice peaches and pears, cut orange and melon in small pieces, chill for one hour. Serve in glasses, adding one tablespoon whipped cream to each glass just before serving.

BASIC FRUIT JELLY

1 ounce (2tbsps.) gelatine, 3 cups fruit juice, ⅛ cup sugar, ½ cup cold water, ½ cup boiling water, 1 cup cubed fruit.

Soak gelatine in cold water until soft. Add to boiling water and stir over hot water until thoroughly dissolved. Add sugar and stir until dissolved. Remove from heat. Add remaining liquids or fruit pulp and mix thoroughly. Pour into moulds that have been dipped into cold water. Chill in electric refrigerator. When partially set, add cubed fruit.

BASIC FRUIT WHIP

Use recipe for basic jelly but leave the mixture in the bowl in which it was mixed until it begins to congeal. Then whip until it becomes light and frothy. Turn into moulds and chill in electric refrigerator Top with fresh fruit.

THE QUESTION BOX

Mrs. T. C. asks: Why does a chocolate cake develop a dark streak near the bottom?

Answer: This heavy dark streak may be caused by a difference in the chocolate used — some chocolate is richer in fat than others. The temperature used for baking may be the cause or type of flour used may have altered the texture — a change from all-purpose to pastry flower would make a difference. You use 2 tbsps. per cup less all-purpose flour.

Mrs. B. M. asks: Have you tried bean gravy?

2 tbsps. shortening, 2 tbsps. flour and 1 cup hot bean stock. Stir in a few drops of gravy coloring.

Mrs. J. R. asks: What makes one batch of applesauce white and another dark, using the same kind of apples?

Answer: Peeled apples darken in tarnished kettles and from exposure to air. To keep clear color, drop pieces in water with lemon juice in it as they are being prepared. Cook in small amount of water and mash with steel or wooden masher.

Mrs. R. C. asks: What makes eggplant taste bitter?

Answer: The slices have not been sprinkled with salt and weighted down long enough. Press down for one half an hour.

Tunnel For Dairy Cows

The Australian News reports that one of the items in the set-up of a newly completed modern dairy at Whyalla, South Australia, is a tunnel in which fans are installed to create a 50 mile-an-hour wind. The cows are trained to go through this tunnel and go straight to the milking machines in a concrete milking shed. All flies are blown off tht cows in the tunnel so that milking proceeds in comfort.

STEPHEN'S CORNERS

We welcome Mrs. J. A. Laugheed and son, John, who arrived on Sunday at their new home from Glasgow, Scotland.

Miss Ethel Fenwick, R.N., left on Tuesday of last week for Peterborough where she has accepted a position as instructress at the hospital there. We wish her the best of luck at her new duties.

Miss Edith Lougheed has returned to Brampton after holidaying at the home of her brother, Mr. J. A. Lougheed.

Mr. and Mrs. Ronald Parsons, Donald and Marian, of Euienia visited on Sunday with Mr. and Mrs. Joe. Porteous.

We are pleased to report Mrs. Tels Allison who has been a patient in Markdale hospital is showing considerable improvement these past few days and came on Sunday to the home of her daughter, Mrs. W. Fisher.

Mr. and Mrs. Frank Deane, Dougie and Irma, of Brampton visited recently with Mr. Roy Fenwick and family.

Mr. J. A. Loughttd, Maxwell, went to Toronto on Thursday to meet his wife and two year old son John who arrived in Toronto on Friday. Mrs. Lougheed and son sailed on Aug. 6th on the Letitia from Liverpool. Mrs. Lougheed is from Glasgow, Scotland, and is the first war-bride to arrive in our community.

Canada's forests yield a perpetual harvest of wealth, until destroyed by fire. Helping to prevent forest fires is a duty of every Canadian.

You have to work hard if you want to make a living, but if you want to get rich you have to attack the problem from an entirely different angle.

Joe was poor, and Annie was ambitious. She told him she wouldn't marry him until he had a thousand dollars. The following day Annie's old maid aunt arrived for a visit.

"Dear," said Joe, when next he called, "I've saved thirty-five dollars."

"Well," replied Annie, blushing prettily, "I guess that's near enough."
