## VANDELEUR

(Intended for Last Week)

The Farm Forum met Monday, Feb. 3rd, at the home of Will Ratcliffe and discussed the question "What Makes Prices?" The Forum was opposed to the old idea of allowing prices find their own level through the free-working of supply and demand, nor did it favor trying to secure as much as consumers could pay. The members felt that the farmer should have cost of production, plus a profit, but felt that this was hard to determine without accurate bookkeeping or statistics, etc. They were in favor of adequate floor prices for agricultural products, and felt that by co-operative selling of farm products, and co-operative buying of supplies and equipment, farmers and their organizations could have a great influence on prices. After the recreation period, lunch was served.

## VICTORIA CORNERS

The past week has been one of storm and cold. Roads became impassable for a short time. Snow plow operators have very few leisure moments this winter.

Messrs. Clayton Betts and Milton sold some choice steers and heifers on the Toronto market on Tuesday and Wednesday last. Fortunately they both realized excellent prices. Both men accompanied their stock to Toronto.

Messr. Jack and Fred Bannon took part in the ice carnical held in Owen Sound arena Wednesday night, luckily capturing some of the prizes.

A new page has been added to our chapter of sickness. Dr. R. W. Lindsay was called Wednesday evening to the homes of Messrs. George Moore and Geo. Ludlow, where both households are suffering from heavy colds. Mr. Ludlow has high blood pressure and was seized with an attack while working at the barn. Mrs. Ludlow is nursing a sore eye. Little Garry Moore had to have his physician's aid to guide him through a heavy bronchial cold. We hope for these a speedy recovery.

Mr. Wilfred Gallaugher has taken several heart attacks through the week and Thursday his doctor found him suffering from jaundice. Mr. and Mrs. Emerson Gallaugher of Wareham and Kingsley Gallaugher of Toronto came to the parental home Wednesday, Mrs. E. Gallaugher and King remaining for a few days. Mrs Gallaugher received word that her little son, Keith, was ill with mumps.

Our sympathy is extended to Mr Harry Montgomery, Mrs. Ross Mitchell (Margaret), Mrs. Archie Grummett (Gertrude) of Dundalk in the death of their father, Mr. Allan Montgomery, at his home here, on Saturday morning, Feb. 8th. Further particulars will follow later.

(Intended for Last Week)

Most every type of weather has prevailed including the sunshiny warmth of spring weather, to the extreme of swirling blizzard of winter. Roads have been treacherous at times, necesistating non-travelling of the highway, closing of the school for two days and no mail delivery for some days. The storm of Tuesday, Jan. 21st, brought a tie-up of motor vehicles at Victoria Corners. Mr. Wallace Hamilton, driver of the High School bus, was obliged to remain in the home of Russell Linton until mid-night, having placed his passengers in shelter along the line.

Mrs. Jas. Batchelor has been confined to bed with high blood pressure following the 'flu. Mr. Wilfred Gallaugher was seized with a severe heart attack on Sunday evening, Jan. heart attack on Sunday, Jan. 26th, house. During the week he has had a number of attacks. He will be forced to remain in bed four weeks longer. Mr. Allan Montgomery suffered a severe heart attack and hemorrhage Friday evening while alone in his home and his condition is critical. His daughter, Mrs. Ross Mitchell, is careing for him. Mr. Art Jackson has spent several days with his sister, Mrs. Thos. Wilson, Markdale, whose husband has been quite ill with a heart attack and a stroke. Latest word revealed Mr. Wilson's condition somewhat improved. Mr. and Mrs. Walter Acheson accompanied Christena and Leslie Duncan as far as the home of their aunt, Mrs. Geo. Hutchinson, Flesherton, Sunday night. Mrs. Hutchinson has been suffering with shingles on her face for the past four weeks. For all these sick people, we wish a speedy return to better health. This winter seems to be one of much sickness throughout the country, emphasizing heart trouble - severe type of cold, shingles, etc.

Our sympathy is extended to Mr A. E. (Sandy) Walker in the sudden passing of his father at his home in Hamilton on Saturday morning, Jan. 25th. Sandy's brother motored up Saturday and Sandy accompanied him to Hamilton Sunday morning, remaining until Thursday. During his absence Mr. Jas. Forbes attended to his farm duties.

Mr. Jack Bannon motored to Toronto with George Armstrong of Flesherton. On their return they were accompanied by the former's sister, Doris, who spent the week end at the parental home.

Mr. Les. Batchelor, Preston, was a week end guest of his parents, Mr and Mrs. Jas. Batchelor, and Miss Anne Stinson of Toronto with her parents, Mr. and Mrs. E. A. Stinson.

Mr. Dave Wiltshire and daughter, Mrs. Vern Robinson, Bethel, spent Sunday with Mr. and Mrs. Wilfred Gallaugher.

A number from here attended the special shool meeting held at U.S.S. No. 15, Proton Station, Saturday afternoon, Jan. 25th. The school and well have been condemned by the authorities. Wednesday night another meeting was held at which it was agreed upon by all concerned to close the school and rent the church for eight months and conduct school in the church. The church will remain as such, that service may be conducted on Sunday. During the coming eight months new plans will develop regarding a school. A possible new site will be chosen and a new school erected.

The Y.P.U. of Inistioge met in the home of George Moore on Saturday night with an attendance of 16. The theme of the meeting was based on "Citizenship." Plans were made to hold their next regular meeting in the home of John Duncan, Friday night, Feb. 14th, in the form of a Valentine social. All young people and others interested in the Y.P. work are urged to attend and give our local branch good encouraging support.

Miss Peggy Linton was a visitor in Owen Sound at the week end.

Miss Ruby Copeland is assisting in the home of Leonard Keast, Keldon.

Mrs. Jos. Copeland is at present at the home of her son, Nelson, at Dundalk, attending to household duties, while her daughter-in-law is recovering from an appendix operation which was performed this Tuesday morning.

Sunday afternoon, Feb. 2, during the Sunday School period, the election of officers of the Sunday School took place, as follows: Superintendant, Russell Patterson; Asst. Supt., George Moore; Organist, Christena Duncan; Asst. Organist, Mrs. George Moore; Auditors, Florence Batchelor and Mrs. Gordon Batchelor; Secretary, Jean Love; Treasurer, Ruby Copeland; Missionary, Mrs. Russell Patterson; Temperance, Mrs. Gordon Acheson; Class Teachers: Primary, Mrs. Oscar Patterson, Intermediate Mrs. Elmo Stevens; Bible, John Duncan; Cradle Roll Superintendant Mrs. George Moore.

A new system has been introduced into the Sunday School which appoints Jean Love as Secretary. Each class keeps their own book each Sunday, classifying attendance, collection, etc. At the close of the Sabbath School period Jean collects the class books, and records them in a large book, later giving over the funds to the treasurer. Another new feature is the appointtment of Missionary and Temperance conveners who, once a month, will give a ten-minute talk. Literature on these subject will be supplied by Rev. A. G. Macpherson, our minister.

Much credit is due the leaders of the Sunday School, it being definitely on the upward trend. A record attendance is out each Sunday and much interest is shown in he work. The hour of Sunday School is 2 p.m., and church service at 3 p.m. every second Sunday during the winter months. Everyone welcome. Sunday, Feb. 16, is the next Sunday of worship.

You can get top prices for a cat skin if you know the French name for it.

A Scotch contractor was censuring his steam shovel operator for carrying a lantern when calling on his sweetheart. "The height of extravagance," he scoffed. "When I was courtin' I never carried a lantern even on the darkest nights." The operator, proceeding to fill the lantern replied: "Maybe not, boss, but look what you got."

# Butter Production
## versus
# Butter Importation

**In order to avoid a further cut in the rationing of butter, the government is importing around 11,000,000 pounds of butter from New Zealand. Since New Zealand can produce butter much cheaper than the producer in Canada, it appears to us that the producer would be well advised to step up production to a greater extent, in order that importaiton of butter would be unnecessary — as this is liable to distort our price structure.**
