Canadian National Institute for the Blind Home Teacher and Pupil

Many useful crafts are taught by blind Home Teachers of the C.N.I.B. to their pupils. This girl learns to braid a leather belt. Knitting, weaving and various forms of leather and plastic work give skill to "seeing" fingers, provide remunerative hobbies for the blind. Your help is needed to continue this work of rehabilitation. Please give generously to the current campaign of The Canadian National Institute for the Blind to be held in Flesherton this Saturday, May 3rd, or mail your contribution to the Honorary Treasurer, Mr. W. Lightning Fired Barn On Portlaw Farm

(By Portlaw Reporter)

A severe electric storm struck this area on Wednesday night, April 23rd, at about 2:15 a.m. The barn on the farm of Herb Badgerow, and rented by Chris. Lougheed, was struck by lightning and was burning when Lawrence Shier was awakened and saw the reflection of the fire on the wall in the house. He hurried out, taking water with him and had the fire under control enough to go for help to Wes Plantt's, who went down with him and Lewis Fisher was called. By this time the fire was breaking out at the opposite side of the barn and the men worked hard in an effort to keep the fire from spreading, by carrying water. Laurence Shier's buildings are very close and no doubt in a few more minutes the buildings would hava been in a blaze. Great credit is due these men who fought to save the barn.

Jos. Sewell Went Over Flume At Nuhn's Pond

Mr. Jos. Sewell of town was both lucky and fortunate that he escaped serious injury when he fell from the Nuhn dam into the rushing woter and carried over the spillway into the river below the dam, without suffering serious injury. He was indeed fortunate that his head did not hit the stones and lucky that he was not drowned.

Mr. Sewell is employed at the Nuhn woollen mill and had arrived early at work. Seeing that the water in the dam was high, he went up to take out a board at the spillway. In some manner the pike-pole slipped and he missed his balance and fell into the water near where he had taken out te board and the force of the water pushed him over the boards and into the river below. He pulled himself from the water several yards down stream, none the worse for his immersion. When Howard Teeter arrived for work he found the door open, but nobody around and investigated, finding the pole in the river below the dam. Mr. Nuhn arrived then and a search was made of the water, but the missing person could not be found. He was located at his home changing into dry clothes, but he was minus his glasses, which were lost in the water. It was an experience that Joe will not soon forget.

Arnold Bowler's Leg Broken When Team Ran Away

Arnold Bowler of the east bockline Artemesia, 3 miles south-east of Flesherton suffered a broken leg and severe cuts and bruises to his head on Monday morning, when the team he was driving, ran away as they were coming down the winding hill, near the victim's home. He was taken to Markdale hospital for medical attention.

As he was driving down the hill the floor boards of the wagon on which he was riding slid forward and touched the hips of te horses with the result that they became frightened and han away. Mr. Bowler fell between the boards and his foot become caught and he hung head downwards, and was dragged several hundred yards down the road, and at the same time he was trying to free himself from his dangerous predicament. His leg broke in his struggles and he fell to the ground, the team keeping on their way. His head was severely cut as it bumped on the roadway, and at first it was thought there might be a skull fracture.

Within a few moments the injured man was found by Keith Parker and Cecil Shier, and he was placed in the Parker car and immediately taken to Markdale hospital, where it was found that his leg was broken between the ankle and knee, while he had a deep gash on the back of his head, besides cuts and bruises.

Mr. Bowler is married to the former Inez Brown and has two children. To be laid up for several months now that the spring work is just commencing to be regretted, as it is difficult to secure competent help for the seeding operations.

Larger Softball League Expected This Year

The president of the South Grey Softball League, Harold Best, wishes us to announce that the annual meeting of the League will be held at the "Best Grill" in Flesherton on Friday, May 8th, at 9 p.m. Many enquiries have been made from teams that were not entered in the League last year, and it is expected that a larger circuit will be the prospect this year. Representatives from outside centres are requested to be on hand so that the League can get away to an early start.

Mr. And Mrs. Walter Wilson 25 Years Married

Silver stremers with bells and snapdragon decorated the home of Mr. and Mrs. Walter Wilson, Eugenia, on Saturday, April 26th, the occasion being the 25th anniversary of their wedding. Mr. and Mrs. Wilson were married in 1922 at the home of the bride's parents, Mrs. Martha Sayers and the late James Sayers, 14th line of Osprey.

The guests were escorted to the living room by Miss Donelda Sayers, where they were received by the bride and groom of 25 years ago. An enjoyable time was spent with music and singing by Muriel, Donelda, Eveline and Lois Sayers, accompanied by Mrs. C. Vamplew at the organ. A mock wedding was performed, the characters being Paul Vamplew as groom, Miss Verna Sayers as bride, Miss Shirley McAllister as groomsman and Miss Doreen Sayers as bridesmaid. A solo was rendered by Paul Vamplew and music and singing by Donald Wilson. Telegrams and gifts of silverware were displayed, and good wishes were extended to the honored couple.

Mrs. Renia Poole invited the 28 guests to the living room, where a dainty dinner was served. A bride's cake, with silver trimmings and silver bells, centred the lace covered table and was flanked by blue and white tapers. Mrs. C. Vamplew of Heathcote and Mrs. M. Atkins of Clarksburg, cousins of the bride, poured tea. During the afternoon an enjoyable time was spent by all.

Relatives were present for the happy occasion from Singhampton, Collingwood, Ravenna, Clarksburg, Heathcote and Banks.

Ontario Farmers Must Grow More Grain In 1947

Ontario farmers who plan to continue in the production of live stock and poultry must find it necessary over the next few years to give more attention to the production of their own feed grain, stated John D. McLeod, Director of the Crops, Seeds and Weeds Branch, Ontario Department of Agricuture, in discussing the crop plans for Ontario for the year 1947. "I want to urge our farmers as strongly as possible to fill up their bins in 1947. It is desirable and essential that we produce an abundance of feed grain. A minimum objective of 200,000,000 bushels has been set. In 1942, Ontario produced 191,824,864 bushels of grain. If we can increase our yields per acre this year by one and a half bushels, we can reach our objective."
