FOR
ALBERTINE COAL OIL!

THIS OIL has been a great favorite in Montreal since Coal Oil became the vogue, but on account of its very high price has not been thoroughly introduced here.

It is made from the Albertine Coal of Newfoundland, and is entirely free from the adulterations indigenous to Earth Oils as Naptha, Petroleum, &c. It will burn longer and give a more brilliant light than any other Oil, and is at least twenty-five per cent cheaper. Warranted free from offensive smell and smoke.

Give it a trial, and if not found as represented, your money will be cheerfully returned. A liberal discount made to wholesale dealers by the barrel. For sale at the Medical Hall.

WORCESTER'S
ILLUSTRATED QUARTO
DICTIONARY,
1,854 PAGES.
The Latest! The Largest! The Best!

THIS book was published Jan. 1, 1860, and such has been its success, that
20,000 Copies have already been Sold!
And the Twenty-fifth Thousand is now in press.

WORCESTER'S QUARTO—This Book has all the desirable qualities of Webster, and none of his innovations.

H.R.H. Prince Albert, in an autograph letter addressed to Hon. Edward Everett, dated Buckingham Palace, May 9, 1860, writes:

MY DEAR MR. EVERETT—I have to acknowledge the receipt of the very handsome copy of Dr. Worcester's Dictionary, which you have been good enough to send me, and I must beg of you also to assure the publishers that I am very sensible of the kind feeling which they manifested towards me. It is very gratifying to see that the parent language receives such valuable aid for its development and the preservation of its purity in your country.

The Highest English Authorities Are unanimous in their eulogiums upon Worcester's Quarto Dictionary.

Letters expressing the highest approval have been received from CHAS. RICHARDSON, the venerable author of 'Richardson's Dictionary,' HERBERT COLERIDGE, Sec. Philological Society; and also from Dr. BOSWORTH, Prof. Anglo-Saxon at Oxford University. The latter says of it:

'In short it is the most complete and practical, the very best as well as the cheapest English Dictionary that I know, and I have, therefore, no doubt of its success.'

The London Literary Gazette says:—'The issue of a few months will be sufficient to establish Worcester's Dictionary as the acknowledged standard of reference, among the scholars of England and America.'

This Branch was only opened last January, and now has an income of
$75,000!
Which is retained in this country.

The increase of business in England is unprecedented, as shown by the Parliamentary returns, and the following taken from the last September Report:

'It will thus be seen that the total amount of business done during the last nine months of the Company's operations has been TWENTY-TWO THOUSAND NINE HUNDRED AND ONE NEW POLICIES, producing an additional annual income of
$150,000
Representing Property Insured to the extent of
THIRTY MILLION DOLLARS!

The Report further says, that 'the Directors congratulate the Shareholders on this satisfactory increase in the business of the Company, and they have every reason to believe that from the connection now formed it will continue to increase in the same ratio.

The Capital of the Company is devoted entirely to Fire Liabilities, having no reserve for a Life Branch.

All losses in Canada are submitted to the gentlemen composing the Board who examine the particulars, and if found satisfactory at once order the payment of the claim. This system has called forth numerous cards of thanks.
