HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it has been represented to the Governor General in Council, that much hardship and inconvenience are suffered by the inhabitants of the Magdalen Islands under the operation of certain of the Free Trade Regulations governing the Free Port of Gaspe, and His Excellency in Council being of opinion that it is expedient to modify those Regulations so as to meet the peculiar circumstances of the Magdalen Islands, their geographical situation, their distance from the Port of Gaspe proper, and the nature of the trade carried on there in connection with the Fisheries.

His Excellency in Council was pleased to order, and it is hereby ordered:—on the recommendation of the Honorable the Minister of Finance.

1st. That upon, from and after the 15th of September, in each year, all vessels frequenting the Magdalen Islands, may report inwards and outwards at the Port of Amherst, in the said islands, without having previously resorted to and reported at or cleared from the Port of Gaspe, anything in the Regulations governing the said Free Port of Gaspe, dated the 12th of April, 1861, to the contrary notwithstanding.

2nd. Vessels arriving at the Port of Amherst, either in ballast or laden with such goods only as are free from customs duties under the Tariff of Customs of this Province, shall be allowed to proceed directly to the said Magdalen Islands, and report inwards and outwards at the said port of Amherst, without having previously resorted to the said Port of Gaspe, as well between the 10th of May and the 15th of September inclusive as before the said 10th of May and after the said 15th of September in each year.

3rd. And whereas vessels trading with the said Magdalen Islands and carrying goods, wares and merchandise, subject to duties of Customs, are now bound, by the Regulations governing the Free Port of Gaspe, to proceed directly to and to report and enter at the said Free Port, and clear therefrom between the 20th of May and the 15th of September in each year, in order to entitle the said goods, wares and merchandise to the exemption from Customs' duties attached to the said Free Port, it is hereby provided that the owners or importers of such goods, wares and merchandise, or the master of such vessels shall hereafter have the option of complying in that respect with the said Regulations or of paying to the Collector of the said Port of Amherst the ordinary Custom duties, to which the said goods, wares and merchandise, are liable under the Tariff of Customs, as if the same were imported into any other part of the Province to which the Free Port Regulations do not extend; and parties so preferring to pay the said duties shall thereby relieve the Vessel and goods from the necessity of proceeding as aforesaid to the said Free Port of Gaspe preper before reporting and entering the same at Amherst.

500 SHOT DEAD.

DR. McKENZIE'S
DEAD SHOT WORM CANDY.

IS WORKING MIRACLES BEYOND ALL conception. The Medical Faculty of Scotland, as well as England and Ireland, have pronounced this Worm Candy to do MORE good than ALL other Worm Medicines combined. It has stood the test since A. D. 1765, nearly one hundred years, which almost every son and daughter of old Scotia can testify. It has always borne the name of

"OLD DR. McKENZIE'S WORM CANDY STICK."

As it resembles a candy stick in taste and appearance, and a child eating it is wholly unconscious of taking medicine, and where worms exist, the results are beyond description.

A child of ten years of age of Rev. J. McDougall, Dundee, passed over 500 WORMS in Three Days, when he testifies, that he believes by God's blessing, it saved the child's life.—Thousands of similar testimonials are given (without solicitation) to the present proprietor.

GENERAL SYMPTOMS OF WORMS:

Restless, Sudden Starting and Grinding the Teeth in Sleep, Convulsions, Ravenous appetite, (sometimes no appetite,) paleness picking the Nose, Bowel Complaints, Fever, Fretfulness, Emaciation, Looseness of the Flesh, Dry Coughs, Sour Breath, &c., &c.

All of the above symptoms will immediately cease to exist by using this once or twice. It always gives health, even if no worms exist. It is perfectly harmless, even to the most tender infant.

THE SCIENCE OF HEALTH.

Every Man His Own Physician!

HOLLOWAY'S PILLS

The laws relating to health are so exceedingly simple as to be within the comprehension of the most limited capacity. Disease is an effect—the violation of some principle of nature, consequently the infraction of her laws is invariably punished with pain and suffering.—Medical writers classify the predisposing causes under two heads:

An unhealthy condition of the Stomach, and a depraved state of the Blood.

DISORDERS OF THE STOMACH, LIVER & BOWELS.

The Stomach is the great centre which influences the health or disease of the system—Abused or debilitated by excess—Indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The liver becomes affected and generates billious disorders, pains in the side, &c.—The Bowels sympathize by Costiveness, Diarrhoea and Dysentry. The principal action of these Pills is on the stomach and the liver, lungs, bowels and kidneys, participate in their recuperative and regenerative operation.

IMPURE BLOOD—SCROFULOUS AFFECTIONS.

Old Sores, Bad Legs, Irritable and Indolent Ulcers, Scrofula, Consumption, Salt Rheum, King's Evil, White Swelling, Cancers, &c., are the result of tainted or impoverished blood.—By combining with the globules which compose the vital fluid; the antiseptic properties of these Pills neutralize, the humors that degenerate it and a positive cure of any of the above diseases will speedily follow, while Holloway's Balsamic Ointment used at the same time will heal the external sores or swellings.

FEMALE COMPLAINTS.

Whether in the young or old, married or single, at the dawn of Womanhood or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

INFANTILE DISEASES.
