HEAVY TAXES ON COTTON.

The United States Revenue Commission, a body appointed some time since and that has been sitting lately in New York, has prepared a voluminous report in which much valuable statistical information is given. Among other questions of Revenue dealt with by the Commission is that of a tax upon cotton, and the following important recommendations are made:—That a tax upon cotton raised in the United States be levied on all cotton consumed in the United States, from and after July 1st, 1866; that a tax on cotton consumed in the United States be levied on manufacturers and upon that exported, and upon merchants at the port of export—no vessel to be allowed a clearance without a certificate that the tax has been paid; also, that a drawback on cotton fabrics to the full amount of the tax upon cotton be allowed; that all cotton goods exported be exempt from other excise tax; that so long as there shall be tax upon American raw cotton there shall be a specific duty on all imported cotton fabrics of as many cents per pound as are levied upon raw cotton. The Commission also recommend a duty on mixed fabrics imported on one half the tax on raw cotton where the fabrics are one half cotton or less; those more than one half cotton to pay full duty. A bill embodying these recommendations is appended to the report.—Leader.

FACTORIES IDLE.—Owing to the low state of the water in the Mississippi river all the woollen factories at the Village of Almonte are now idle. In consequence business is very dull in this hitherto lively and flourishing place.—Ottawa Citizen.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 21, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me—and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Mersh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

To Consumptives.

The undersigned having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address,

DISTILLING APPARATUS,
TO BE USED ON BOARD
PASSENGER SHIPS.

DOWNING STREET,
18th December, 1865.

SIR,—

I have the honor to transmit, for your information, and for insertion in the public papers, the accompanying Copy of an Order of Her Majesty in Council, dated the 5th instant, allowing the Distilling Apparatus of Messrs. Chaplin and Company, as well as those of Dr. Normanby and Messrs. Winchester and Gravely, to be used on board Passenger Ships.

I have the honor to be,
Sir,
Your most obedient
Humble servant,
EDWARD CARDWELL.

[Signed.]

The Officer Administering the Government of Canada.

[L. S.]

AT THE COURT OF WINDSOR,
The 5th day of December, 1865.
PRESENT:
THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS, by "The Passengers' Act, 1855," it is amongst other things enacted, that before any Passenger Ship shall be cleared out, the Emigration Officer at the port of clearance shall satisfy himself that there is on board a sufficient quantity of pure water, carried in tanks or casks, to secure throughout the intended voyage the issue of three quarts daily to each statute adult, for the use of passengers, exclusive of the quantity required for cooking:

And whereas, it is also enacted, that it shall be lawful for Her Majesty, by any Order in Council, to prescribe such rules and regulations as to Her Majesty may seem fit, for permitting the use on board passenger ships of an apparatus for distilling water, and for defining in such case the quantity of fresh water to be carried in tanks or casks for the passengers, and such order in council from time to time to alter, amend and revoke, as occasion may require:

And whereas, Her Majesty, by an order in council, dated the ninth day of January, one thousand eight hundred and sixty-three, prescribed certain rules for permitting the use on board passenger ships, propelled by steam engines of less than a certain power, and on board passenger ships propelled by sails, of a certain apparatus for distilling fresh water from salt water;

And whereas, it is expedient to repeal the said order in council, and to issue in lieu thereof the order hereinafter contained:

Now, therefore, Her Majesty doth, by and with the advice of Her Privy Council, and in pursuance and in exercise of the authority vested in Her by the said "Passengers' Act, 1855," hereby repeal the said order in council of the ninth day of January, one thousand eight hundred and sixty-three, except in so far as the same repeals a certain order in council of the thirteenth day of May, one thousand eight hundred and fifty-nine, and doth hereby order as follows:

Any passenger ship propelled by sails only, or by steam engines of less power than is sufficient, without the aid of sails to propel the ship at the rate of five statute miles an hour, may be cleared out and proceed on her voyage, having on board, in tanks or casks, only half of the quantity of pure water required by the said Act to be carried for the use of the passengers, provided the following conditions be observed, that is to say:

1. That there be on board such ship an efficient apparatus for distilling fresh water from salt water, of the description commonly known either as Normandy's patent, as Winchester and Graveley's patent, or, as Chaplin and company's patent.

2. That the owners, charterers, or master of such ship, before clearance, lodge with such Emigration Officer a certificate from some engineer or surveyor of the board of Trade, or from some other competent person to be named by such Emigration Officer declaring that within seven days immediately preceding the date of such certificate the apparatus has been examined by him, and is then in good working condition, and stating the number of imperial gallons of pure fresh water which it is capable of producing in everytwenty four hours, and further declaring that the apparatus on board is either Normandy's, Winchester and Graveley's, or Chaplin and company's patent as the case may be.

3. That in every case such Emigration Officer, shall be satisfied that the number of gallons of pure water which the apparatus is so certified to be capable of producing is not less than the whole number of persons about to proceed on the intended voyage of such ship, that is to say, the whole number of cabin passengers, passengers and crew.

4. That there is rated on the ship's articles, and that there is on board the ship, some person or persons who to the satisfaction of the said Emigration Officer, shall be competent for the proper management and repair of such distilling apparatus:

And to prevent all doubts on the construction of this order in council, it is hereby further ordered, that the terms "Passenger Ship,' 'Emigration Officer,' 'Statute Adult,' and 'Master,' shall therein have the same significations as are assigned to them respectively in the said 'Passengers' Act, 1855:'

And the Right Honorable Edward Cardwell, one of her Majesty's principal Secretaries of State, is to give the necessary directions herein accordingly.

[Signed.]
